

**Alexander Nott**

**Cairns Campus Officer Candidate (YourCampus)**

**Policy Statement**

My Name is **Alex**, and I am running for the position of **Cairns campus officer** in the coming JCU student elections. I have had the pleasure of being a member of the JCU community since 2016 and look forward to helping our community grow and flourish by supporting the many clubs and organisations that operate within the Cairns JCU community.

I would endeavour to open dialogue with these clubs and student groups in order to help them get the support they need to engage with more members of our community to encourage a sense of community within the Cairns campus. We would also be wishing to continue current policies such as the free breakfast provided on campus on Wednesday mornings, in addition to investigating other opportunities for similar events to encourage engagement in the universities electoral process.

As Cairns campus officer, I humbly ask for your help in making our community here on campus the best it can be, with co-curricular groups and clubs brought to the forefront of our university lives by voting 1 for “Your Campus 2020”. Thank you
