

HOME CARE PACKAGES

Our goal is to provide you with a tailored package that suits your ongoing assessed needs now and into the future.

THREE EASY STEPS:

1. Confirm your Home Care Package

A member of our team will visit you to discuss your assessed care needs and your expectations of our services.

Whether you are on a pension or are self-funded, we will design a care package with you.

This is all about us getting to know you and you getting to know us.

2. Create a plan and quote with us

Together, we will tailor a package of services that suit your lifestyle and funding. You have both choice and control.

We will create your individualised support plan together and explain your rights.

This is all about us working in partnership with you to tailor services to suit your lifestyle.

3. Receive your tailored services

Once you have decided on your tailored Home Care Package, we will provide you with services and equipment to ensure your package continues to suit your needs.

This is all about you receiving the right care at the right time.

With CÜRA, you have complete choice and control over the services you need. We offer a range of in-home services, active living and well-being programs, with professional staff who together speak thirty-five languages. At CÜRA, we focus on your individual needs, your cultural background and your lifestyle.

* To be able to access your Home Care Package, you will need to be assessed by the Aged Care Assessment Team (ACAT). We can help you arrange your assessment. Call us on 07 5527 8011 or email info@curacares.com.
