

Community Connectors

Support for multicultural people with disabilities

Do you know someone who needs help to...

- take care of themselves
- do everyday activities
- walk or move around
- leave the house
- hear or see well
- think clearly or learn
- make and keep friendships
- speak and be understood

The NDIS (National Disability Insurance Scheme) might be able to help. It's a free government program for people under 65 years old.

For more information or support to connect with the NDIS you can contact your Multicultural Community Connector

 Carla Carneiro
 0427 626 723
 carlac@curacares.com

Getting the right help can change people's lives.

If you need an interpreter, call TIS on 131 450.

Read about disability and the NDIS in your language at:
