This workshop will focus on the requirements of the higher degree program for two-year Masters programs and one-year Masters programs (5+1 pathway). The focus is on supervising higher degree students in the rural and remote context. This workshop also aims to provide supervisors with knowledge and methods for the effective evaluation of the student competencies while on placement and will include practical tasks to increase their skill and confidence in providing critical feedback to students.
2.2 Masterclass learning outcomes

Participants who successfully complete this Masterclass will be able to:

1. understand the current higher degree program requirements and learning context
2. understand context, including placement factors, supervision and stages of learning
3. assess competencies within the context of placement number/learning stage
4. consider the different needs of a placement in a regional, rural and remote context

2.3 Learning and teaching in this Masterclass

This masterclass will consist of a mix of didactic presentation, skills practice, and group discussions (small and large). This is a master level class that utilises a peer learning framework, drawing on your experience to guide the discussions and learnings. This masterclass is part of a masterclass series, each building on the learning of the other classes, but also designed to be stand-alone if you choose to complete only one masterclass.

2.4 Participant feedback on Masterclass and teaching

As part of our commitment at JCU to improving the quality of our courses and teaching, we regularly seek feedback on your learning experiences. Participant feedback informs evaluation of Masterclass and teaching strengths and areas that may need refinement or change. We value your feedback and ask that you provide constructive feedback about your learning experiences for this masterclass, in accordance with responsibilities outlined in the Participant Code of Conduct. Refrain from providing personal feedback on topics that do not affect your learning experiences. Malicious comments about staff are deemed unacceptable by the University.
