Training Pathway for Adult Internal Medicine - Basic Training

Additional information

1. In Queensland, first year basic training positions (BPT1) are recruited and managed directly by the individual Hospital and Health Services (HHS), not via the network. These appointments are generally Junior House Officers or Senior House Officer position level. Visit the available positions webpage (www.health.qld.gov.au/rmo) for further details.
2. Second and third year basic physician training placements (BPT2 and BPT3) are recruited and managed through the Queensland basic physician training network. These are Registrar level appointments.
