

## ENVIRONMENTAL POLICY

POTL is committed to sustainable development and operation through responsible environmental management and continual improvement of environmental performance and the effectiveness of its Environmental Management System.

To achieve corporate performance consistent with this policy, POTL will:

- Integrate environmental considerations and life cycle thinking into decision making and work practices related to POTL's core functions.
- Maintain a high level of environmental awareness throughout POTL and the wider port community
- Require and encourage employees to work in an environmentally responsible manner.
- Implement systems which act to minimise the risk of environmental harm through the identification, reporting, assessment, monitoring and control of environmental risks.
- Establish a framework for setting and reviewing environmental objectives and targets and measuring POTL's performance.
- Establish and maintain systems for assessing the environmental impacts associated with POTL's activities.
- Comply with all relevant legislation, codes of practice and standards.
- Conduct core functions in a manner that will minimise waste, prevent pollution, promote efficient use of resources through life cycle thinking, reduce environmental impacts, and continually improve environmental and management system performance.
- Provide adequate resources and training to facilitate the fulfilment of POTL's environmental responsibilities.

POTL's Board, Executive and management are responsible for providing the leadership to support the development and implementation of this Policy and for ensuring it is effectively applied.

This policy will be regularly reviewed following legislative or organisational changes, or as a minimum, every three years.
