

Welcome to the Cairns Marlin Marina

Cairns Marlin Marina is a state-of-the-art floating marina in the heart of Cairns which features 261 berths that accommodate a variety of cruising vessels, including super yachts up to 140 metres.

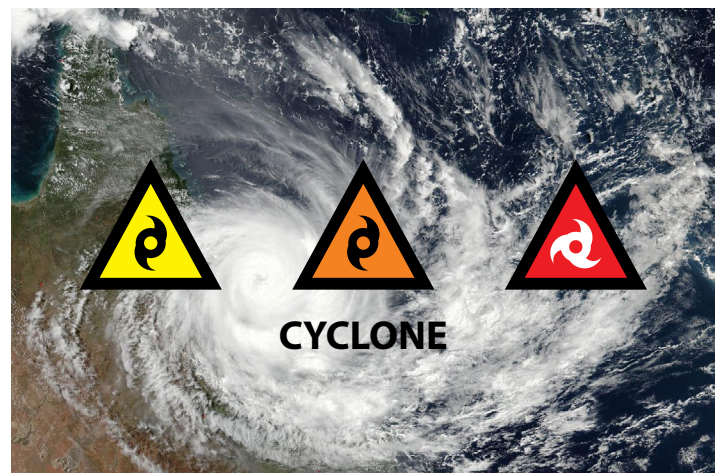

The marina is a short walk to the tropical swimming Lagoon, 5 star hotels, shopping, dining, the casino and the city's vibrant nightlife. It is just 10 minutes from the Cairns International Airport and five minutes from the Cairns marine and super yacht refit precinct.

A berth at the Cairns Marlin Marina can be booked by contacting the Cairns Seaport Operations Office or by completing our [online booking form](#).

We hope this monthly newsletter finds you well and you are enjoying your time at Cairns Marlin Marina. We have some exciting updates and important reminders to share with you this month.

Updated Extreme Weather Contingency Plan

Queensland has a new emergency warning system, in line with the rest of the country. This is called the Australian Warning System (AWS). For vessels operating in a Queensland port, the local Harbour Master will issue emergency alerts for Marina operators and vessel masters to act on. In preparation for the upcoming cyclone season the Regional Harbour Master has updated the Extreme Weather Contingency Plan and unveiled the new dashboard which shows the current port status and links to relevant information. We recommend everyone familiarises themselves with the updated plan and new warning system prior to the commencement of the declared cyclone season. For more information please visit [Maritime Safety Queensland's website](#).

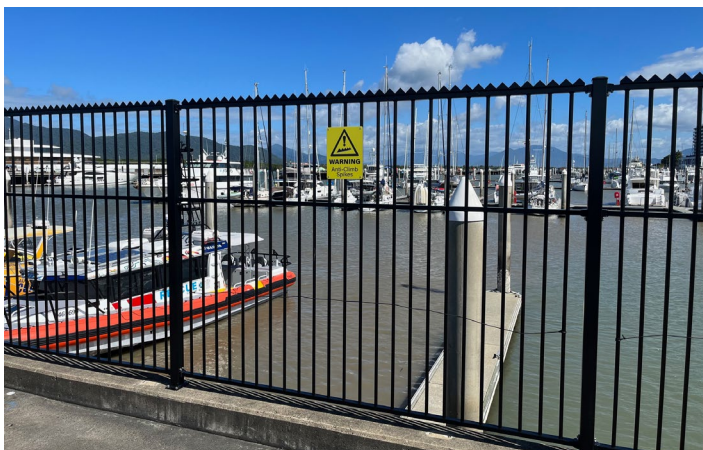

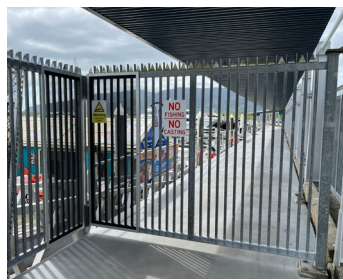

Enhanced Security Upgrades Successfully Completed

The safety and security of our marina community has always been a priority. We are delighted to inform you about the completion of the enhanced security upgrades designed to ensure a safe and secure environment for all our customers. Upgrades include:

- Extension of wing panels at access gates to improve control and access management.
- Installation of spikes for deterring unauthorised access and enhancing perimeter security.
- Extension of the black security fence between H Finger and Sailfish Quay to provide a secure boundary.
- Addition of CCTV cameras strategically placed to enhance surveillance across the marina premises.

We kindly remind all marina users that if you observe any suspicious activity or trespassing within the marina premises, please call the marina's 24-hour contact number on (07) 4052 3866. Your vigilance and prompt reporting play a crucial role in maintaining the security and safety of our marina community.

Service Provider Directory on the Marina Website

Need some work done on your vessel? See our [Service Provider Directory](#) on the Cairns Marlin Marina website.

This directory features a comprehensive list of reputable service providers who offer various marine-related services, from repairs and maintenance to supplies and rentals. This resource is designed to help you connect with trusted professionals who can assist you with your boating needs.

Parking Regulations

We kindly request that all marina users adhere to the designated parking regulations. Properly parked vehicles help maintain smooth traffic flow and ensure everyone's convenience.

The Boardwalk Carpark has 2-hour spaces and 20min loading zones from 6:00am to 6:00pm. Kindly adhere to these limits to allow access for all patrons and service providers. At the Long-Term Carpark, a permit must be always displayed on your dashboard. This permit is essential for managing long-term parking needs efficiently. The Marina Point carpark is a pay and display public carpark where payment is required.

New Waste Oil Facility Completed at Marina Point

We are pleased to announce that a new waste oil facility has been completed at Cairns Marlin Marina. This facility has been built to ensure proper disposal of waste oil from vessels, contributing to the preservation of our pristine marine environment. We request that only waste oil is disposed in the receptacle and all other liquid waste is to be left in sealed containers on the designated racks within the enclosure. For any further information please contact the friendly marina team.

Thank you for being a part of the Cairns Marlin Marina community. Your cooperation in following these updates and reminders is greatly appreciated. We look forward to continuing to provide you with a safe, enjoyable, and well-maintained marina experience.

Warm regards,
Cairns Marlin Marina
