Improve security and safety in your new home or unit

Moving into your new home or unit?

This is a great time to have your external doors rekeyed so as to ensure that previous keys (there could be numerous) no longer access your property. Provides certainty and peace of mind about unaccounted for keys....and who may have them.

Ruswin can provide a free in home quote for your locksmithing requirements and the options available for a monitored alarm. Perhaps the addition of window locks or an in home safe can ensure your valuables are secure.

Have you thought about?

- Re-key existing external doors
- Have one key that suits all doors and even your garden shed padlock
- Window locks for added security
- Padlocks for the side gate, boat chain or motor bike lock
- Home Safe
- Monitored Home Alarm
