CONDITIONS OF ENROLMENT

St Augustine's is a College built on co-operation, friendliness and integrity where all concerned (students, staff, parents, and priests) take an active part in the College and work together to provide the best possible education. Parents who wish their sons to be educated at this College are asked to read and sign the following as an affirmation of their acceptance and support of College expectations.

- St Augustine's is a Catholic School in which education in faith has a privileged place along with the pursuit of excellence in academic and cultural education. All students take part in religious education programs. The College also provides other opportunities for its students to express and deepen their faith at Masses and in other sacraments, in prayer, in Christian service and witness, and in the entire College environment and atmosphere. Ideally, the work of the College in this regard acts as a support to that which is happening in the home.
- Politeness and respect for others, College property and facilities are an essential part of College life.
- While travelling, students are to be polite and well-mannered.
- College expectations apply from the time a student leaves home until he arrives home again. During this time, the consumption and/or possession of cigarettes, alcohol and illegal drugs, or the use of illegal weapons is forbidden.
- Whilst under College authority, all students are expected to maintain a high standard of self-discipline and to conduct themselves in a well-behaved manner in accordance with the Code of Student Behaviour outlined in the *Student Diary*.
- Punctuality and regular attendance at the College and all lessons are essential. Attendance at times prescribed by the College is expected.
- The extra-curricular activities are a necessary part of the College's program. Students are enrolled on the understanding that they join in sports, retreats, camps, excursions and similar activities as required or requested.
- Students who have the ability and talent to represent the College in sport, debating and other cultural activities are expected to share these as one way of building up the College spirit.
- Full College uniform is to be worn as designated and grooming should be in keeping with College regulations, even when students are travelling to and from the College.
- The College is a non-profit organisation where expenses are shared by all parents, and so all are required to pay fees promptly at the beginning of each term. Year 12 will not be issued with an account in Term 4 (except for boarding fees). Confidential concessions may be arranged with the Principal in particularly difficult circumstances.
- The Senior Leadership Team of St Augustine's College reserves the right to inspect students' lockers, bags or personal belongings if there is reasonable cause to believe that the safety and wellbeing of other students is threatened.
- I/We give permission for the College to bank into its Book Loan Account the annual cheque from the Queensland Government for the purpose of Textbook Allowance for as long as my/our son remains a student of the College.
- I/We give permission for my/our son's National Literacy and Numeracy (NAPLAN) test results, relevant literacy and numeracy diagnostic testing, Learning Support files and any other specialist information that will support my/our son in his education at St Augustine's College to be passed on from the primary/secondary school my/our son is currently attending.
- I/We authorise the College, in case of serious accident or emergency, and only when unable to make contact with me/us in reasonable time, to take whatever decisions it judges best for the health or medical treatment of my/our son.
- I/We are not aware of any outstanding fees or charges in relation to the student that I/we are responsible for at another Catholic school.
- I/We understand that if any misleading information has been provided, or any omission of significant, relevant information, acceptance will not be granted, or if discovered after acceptance is offered and accepted, will jeopardise the ongoing enrolment of the student at the discretion of the College Principal.

I have read the above and agree with the conditions of enrolment stated.

Information for parent/carers and health practitioners

This information sheet provides advice for parents/carers and their child's health practitioner/s regarding the documentation required for Catholic Education - Diocese of Cairns (CEDC) schools to safely administer medication to students while they are at school or school-related activities.

1. For all medications

For medication to be administered during school hours and/or during school-related events, provide the school with:

- a) a completed Medication permission form (contact school for copy).
- b) the medication with an attached dispensing label, in its original container, with intact packaging. Original packaging includes any dose administration aids (DAA) packed by pharmacies e.g. e.g. [DoseAid sachets](#) or [Webster-paks](#). Self-filled, compartmentalised boxes and/or blister cards or sleeves removed from original packaging are not acceptable

2. Information from your child's medical practitioner

For most routine and as-needed, non-emergency medications, the dispensing label attached to the medication provides the school with the instructions from the medical practitioner needed to safely administer the medication. Examples of routine and as-needed, non-emergency medication include Ritalin, antibiotics, eye/ear drops, enzyme tablets, ointments and general antihistamines.

The school will only **require additional written information** from the prescribing medical practitioner if your child:

- a. requires medication as an emergency response. Depending on your child's health condition, your doctor will need to complete:
 - i. an Asthma Action Plan ([preferred template here](#)) and/or
 - ii. an Anaphylaxis Action Plan ([preferred template here](#)) and/or
 - iii. a Diabetes Management Plan and/or
 - iv. an Epilepsy Management Plan and/or
 - v. written instructions if your child has more complex health needs.
- b. requires insulin. Your doctor will need to complete a diabetes management plan.
- c. has their prescribed medication discontinued (not required for short term medications such as antibiotics).
- d. has their administration instructions (e.g. dosage, timing, etc.) changed from that on the current dispensing label (e.g. *from 1 tablet of Ritalin to ½ tablet of Ritalin*). Your medical practitioner will need to write a letter for the school that includes the following:
 - i. the name of the student
 - ii. the name of the medication
 - iii. details of the change and the date the change is to be implemented from
 - iv. the prescribing health practitioner's signature and date, and
 - v. evidence of the medical practice i.e. on a letterhead or stamp/sticker.

To assist the school in safely administering the medication to your child, you are encouraged to have your pharmacist update the dispensing label attached to the medication with the new dosage as soon as possible.

Please note that any changes to the administration of your child's medication will require the completion of a new medication permission form.

3. If you wish for your child to self-administer their medication

Self-administration refers to when the student carries and administers their own medication. Self-administration is common for many students, depending on their age, maturity level and other considerations. For students living with a chronic condition, it is often desirable that they start self-administering at a young age, so they can better learn to manage their needs.

On the Medication permission form, you can nominate if you would like your child to administer their own medication. The school will assess the request to ensure that your child and no other students will be at risk and make a decision. Particular caution will be exercised for students under the age of 10.

Note: By law, Schedule 8 medications (including Concerta and Ritalin), cannot be self-administered within a school. For insulin injections, self-administration must always occur under staff supervision, and in a controlled environment, such as a closed room or sick bay.

4. Pill-cutters

If the dosage of your child's medication requires tablets to be cut (*e.g. ½ tablet of Ritalin*) you will need to supply the school with a pill-cutter, labelled with your child's name. This will be stored with and used for your child's medication only.

5. If requirements are not met

If any of the requirements listed above cannot be met, school staff will be unable to administer medication to your child. In these circumstances, you will need to attend the school to personally administer your child's medication until requirements can be met.

6. Expired or discontinued medications

Where medications have expired or the school has received written medical authorisation to discontinue use of a medication, you will need to pick up the left-over medications. Some schools may offer to dispose of the medications through the [Return Unwanted Medicines program](#), but the school will still need written permission (text or email) from you.

Analgesics (pain killers)

There are a few select products that meet medication exemption thresholds under the *Therapeutic Goods (Poisons Standard) Instrument 2023 (Cmlth.)*, therefore the school does not need medical authorisation to administer them, only the completed Analgesic permission form (the school will still confirm with the parent prior to administering analgesics).

If you would like for your child to carry and administer their own analgesics (commonly secondary students), you will need to complete the Analgesic permission form as well.

If you wish for your child to receive or carry an analgesic that is not listed on the Analgesic permission form, then it will be treated as a regular medication in line with regulations, and will require the Medication permission form, as well as a dispensing label from the pharmacy with your child's name on it (medical authorisation).

Approved Analgesic Products (Paracetamol and Ibuprofen)

Although not required, some schools may choose to make basic analgesics such as paracetamol and ibuprofen available for students. This is at the discretion of the principal. There are a few select products that are exempted under the Poisons Standard as a medication, therefore the school does not need medical authorisation to administer them, only the completed Analgesic permission form (the school will still confirm with the parent prior to administering analgesics). This would also remove the need for students to bring in individual packets of analgesics. The same rule applies for students wishing to carry their own analgesics that correspond to the list below.

For these concessions to apply, paracetamol and ibuprofen may only be administered in preparations that meet the exemptions outlined in the *Therapeutic Goods (Poisons Standard) Instrument*. Catholic Education Services has provided the following list of approved paracetamol and ibuprofen products for students aged 7 years and over, with parental permission. The administration of **any** products that deviate from the approved products below (e.g. liquid elixirs, number of tablets, strength, age rating, etc.) may void exemptions within the Poisons Standard. Where parents wish for their child to use a differing product, this will be managed as a medication, and the [Medication permission form](#) must be used.

Where a school wishes to have more analgesics on hand, they will need to purchase multiple packets of the product from the list below, otherwise the exemptions within the Poisons Standard will not apply. For example, 4 x 12 packs of ibuprofen from the approved list below would meet exemptions but a 48 pack would not.

Analgesic permission form (paracetamol and ibuprofen)

Privacy Statement: St Augustine's College collects the information contained in this form to provide or arrange first aid and other pain relief for students. The information collected will be held at St Augustine's College and will only be made available to authorised staff of the school and to medical or paramedical staff in the case of an accident or emergency. The information contained in the form is personal information and it will be stored, used and disclosed in accordance with the requirements of the Information Privacy Act 2009 (Qld).

This form is a record of a parent/carer's permission for the school to administer the indicated, 'as-needed' analgesic to their child aged 7 years and over. This form is not suitable for students aged 6 years and under.

Paracetamol and ibuprofen may only be administered in preparations that meet the exemptions outlined in the Therapeutic Goods (Poisons Standard) Instrument. Catholic Education Services has provided a list of approved analgesic products that are able to be administered to students aged 7 years and over, with parental permission, without the need for student specific medical authorisation. Using any products that deviate from the approved products below (e.g. liquid elixirs, number of tablets, strength, age rating, etc.) may void exemptions within the Poisons Standard. Where parents wish for their child to use a product that is not on the list below this will be managed as a medication, and the [Medication permission form](#) must be used.

This permission form should be renewed annually.

CES schools require informed consent from parents/legal guardians and in some cases students, to use their images. The following consent form outlines various consent permissions.

This ensures that the student is aware consent has been given or withheld.

Regardless of the consent type provided, parents/legal guardians should inform the student of their decision in an age-appropriate manner.

While the school and CES will make all reasonable efforts to ensure that only appropriately authorised persons complete the consent form and respond to the authorisation section, CES will not be responsible for circumstances in which it is misled as to the identity and authority of that person.

You must choose one type of consent from the options listed.

What happens once consent form has been completed?

The consent form will become part of the student's electronic record and retained by the school on behalf copy of the form will be made available to the student and/or the student's parents/legal guardians.

ST AUGUSTINE'S COLLEGE FINANCIAL OBLIGATIONS

FINANCIAL TERMS

This form is to be used when Account Holder financial arrangements change. School fees and charges are set and published by the school/college each year. Statements are sent to the nominated Account Holder(s).

This section records my/our financial obligations arising from my/our child's enrolment and attendance at the School.

1. I/we agree to pay, as a debt due and owing to the School, school fees, levies and building fund contributions invoiced by the School to me/us at the prevailing rates set by the School from time to time. This is a fundamental term of this agreement and a condition of continuing enrolment at the school (subject to Clause 4).
2. A further fundamental term of this agreement is that I/we agree to pay school fees and accounts at previous diocesan schools in full, or negotiate satisfactory alternative arrangements. I/we accept that the Principal will seek a clearance from previous diocesan schools attended by my/our child.
3. Except where a direct debit facility acceptable to the School is in place, I/we will pay the school fees, levies and building fund contributions within 14 days from the date of the School's invoice.
4. I/we am aware the school may provide fee remissions for families in genuine financial hardship.
5. I/we acknowledge that inability to meet financial obligations will require a personal interview with the Principal or nominee.
6. Should my/our child exit the School part way through a term, the refund of fees and charges will be at the discretion of the School.
7. I/we acknowledge that, should financial obligations in the Enrolment Agreement not be met, School academic reports may be withheld and the enrolment status may be reviewed.
8. If any payment is not made by the due date, the School will be entitled, in its absolute discretion, to charge interest on the overdue balance at the rate of 10% per annum from the due date of the School's invoice to the date of payment. Interest will:
 - (a) accrue from day-to-day;
 - (b) be calculated from the due date for payment of the invoice until payment; and
 - (c) be calculated using a simple interest method.
9. I/we acknowledge that my/our obligation to pay school fees, levies and building fund contributions is without deduction, set-off or counterclaim.
10. In the event that the School takes legal action (including court action) to recover school fees, levies or building fund contributions, I/we agree to pay on a full indemnity basis, costs or fees charged by any collection agency or legal practitioner to the School.
11. I/we acknowledge that the law of Queensland applies to this enrolment agreement, including the financial obligations set out under this section. I/we submit to the non-exclusive jurisdiction of courts at Cairns, Queensland and waive any right I/we may have to object to that jurisdiction or forum because it is inconvenient or otherwise.
12. By signing this agreement, I/we consent and agree to the School:
 - a) accessing and using information about my/our credit worthiness from a credit reporting agency in order to assess my/our application for enrolment;
 - b) accessing and using a consumer credit report from a credit reporting agency in order to collect overdue payments; and/or

ST AUGUSTINE'S COLLEGE DIRECT DEBIT FORM

FEE PAYMENT PROCESS

Beginning in February, school fee accounts will be emailed to families each term. The accounts also indicate any changes to the instalment amount needed to clear the balance by 30 November.

All families are to pay their total fee balance by one of the following options:

- > the entire term balance within 14 days of the date of the invoice or;
- > weekly, fortnightly, monthly or quarterly instalments commencing February and ending 30 November.

It is a condition of enrolment at the College that all fees are paid by Direct Debit or Credit/Debit Card/BPAY.

A *Direct Debit form* is provided to each family with the College's *Confirmation of Enrolment Package*. Even if a family indicate they will pay their fees by the due date each term, a *Direct Debit form* still needs to be completed.

The *Direct Debit form* is returned to the College Registrar with the confirmation of enrolment forms. This form provides the College with the authority to modify the instalment amount, in line with changing fee levels and extra charges, to ensure the balance is cleared by 30 November each year.

Where a fee instalment has declined, families will be contacted by the Finance Office. Payment declines usually result in a fee being charged to the family (and the College) by their banking institution. Families are welcome to make up this missed payment with a one-off Bpay transfer. It is essential that the primary payment instalments continue.

It is each family's responsibility to ensure funds are available in their nominated bank accounts on the dates notified in this policy each year to prevent payment declines occurring when the Finance Office processes these instalments.

PLEASE NOTE:

- 2026 Fees will be published in November 2025. The attached Schedule of Fees is an estimate.
- Families on Concession Cards must contact the College Finance office directly at the beginning of each school year.

ST AUGUSTINE'S COLLEGE

DIGITAL NETWORK ACCEPTABLE USE POLICY

St Augustine's College embraces emerging digital technologies and encourages its teachers and students to look for ways of using them to enhance teaching and learning. The availability and appropriate use of these resources provide opportunities that can help students develop spiritually, academically, socially and physically. Their inappropriate use can be detrimental to the teaching/learning process, anti-social, and even harmful.

St Augustine's College provides students with the opportunity to use computers and other digital devices* and gives students rights to use and access services on the College's digital network. The College expects students to act responsibly and respectfully. Students are expected to conduct themselves appropriately when they use, access information, and communicate over the digital network. Before students are given access rights, they will need to agree to a number of conditions, which are outlined below.

DIGITAL DEVICES AND NETWORK FACILITIES USE

The College provides students with access to computers, other digital devices and the College's digital network to further develop their learning. It is essential therefore that all computers and other digital devices are kept in good working order at all times. Students are expected to take care and full responsibility of computers and digital equipment made available for their use. This includes all cables and attachments such as mice and keyboards.

Security

For security reasons we expect students to keep passwords and network login details private. Students need to keep all drives and files secure and prevent others from accessing their work without permission. Students must respect the rights and privacy of others and on no occasion access or attempt to access another person's network account through their password and login, or through unacceptable or illegal means: e.g. hacking.

Storage

Students are responsible for managing data stored in the cloud based MSO365. They must use this only for the storage of educational material. Under no circumstances are students allowed to download, introduce or store any software applications/games on their laptop. The College will clear all student email storage at the end of each school year. Students will be given a reminder of this at the time. As a backup, students may use devices such as USB memory devices to transfer educational tasks between the College and their home. It is not acceptable for students to bring any files that are not part of their studies and store these on the laptops. Students are also responsible for ensuring that all data is free of viruses.

Internet

Internet access is provided to students for educational purposes only. In addition, the College provides access to quality online information sources via the College extranet such as databases, encyclopedias etc. Access to the Internet via the College's facilities may not be used to browse, download or distribute material, which is of an anti-social nature, pornographic, violent, illegal, racist, destructive, demeaning or denigrating of others or which encourages this. Students must respect laws and other people's rights, including copyright laws and antidiscrimination laws. All use of the Internet is tracked and recorded by an Internet filtering program which the Deputy Principal and authorised staff regularly monitor. Inappropriate use of the Internet will result in disciplinary action.

Copyright

Students are expected to use the software the College has provided for them, and not to make or use illegal copies of software programs. Any information retrieved from the Internet or other network sources should be acknowledged or cited in the work and where necessary the author's permission obtained for usage.

Network Printing, Photocopying and Scanning

The College provides network printers for student use at the College. Each student is given a generous print allocation each term. The ability to print, photocopy or scan is automatically suspended when a student exceeds his print allocation. Students can purchase additional print allocations if required. All documents or other material printed on College network printers is recorded and can be reviewed by authorised staff.

DIGITAL COMMUNICATIONS

Code of Conduct

All communications that a student makes over the network should be in keeping with the College Rules and Expectations as set out in the *Student Diary*. When a student uses digital communications such as email, their behaviour should be in keeping with acceptable College behaviour. Undesirable behaviour includes denigration of others, **students and staff**, swearing and harassment.

Chat, Email, Social Networking, VOIP and Video Conferencing

Use of chat, email, social networking sites, VOIP and video conferencing is permitted when using College approved avenues of digital communication and at times approved by the College. The inappropriate use of these digital means of communication or use of unapproved avenues of digital communication is explicitly denied and no attempts should be made to bypass any of the Internet filters which control this activity. Students who have been given access to College approved digital communications can use these specifically to communicate with other students, teachers or experts in relation to learning. Any other use of these facilities may lead to the student losing access to College digital communications or further disciplinary action in detention, suspension, exclusion, liability for damages and/or potential legal action.

PERSONAL COMPUTERS AND DIGITAL DEVICES

Appropriate Use of Devices

1. It is a matter for each teacher or boarding supervisor to indicate to students which devices may or may not be used at specific times and places, and in which ways they may or may not be used. Students should not presume the right to use a particular device in any circumstance.
2. Students are responsible for the security of their own devices. Staff will indicate to students the ways in which devices may be secured at the College, and it is up to each student to ensure this happens. The College takes no responsibility for damage or theft of students' devices who have not taken advantage of these means.
3. Students should use devices for positive purposes: for learning, for legitimate communication, and for relaxation in acceptable ways. Devices must not be used to harass or victimise other students or staff, or to abuse a person's right to privacy (for example, taking, storing and then using a digital photo/video without a person's permission could be an invasion of privacy). There are no additional fees or charges that a student needs to pay to access electric power for a device or to gain access to the College network, as long as he is using the device in ways that are consistent with this policy.
4. During class and study time, the Internet may only be accessed through the College network. Students may not access the Internet through another account or means.

Mobile Devices

The College does not encourage boys to bring mobile devices to school, but we do understand that in some circumstances this is a necessity. By allowing students to bring a mobile device to school, we assist in creating easier communication between parents and boys during travel to and from school.

It is the responsibility of students who bring mobile devices to school to abide by the guidelines outlined in this document.

When brought on campus mobile phones are to be free from inappropriate or offensive content.

Devices are to be switched off and placed into the student's locker or bag upon entry onto the College grounds and left there without being used until they leave the College grounds. Usage includes the sending and receiving of text messages or data. Students may use their device only with permission from a staff member and in the presence of that staff member.

Boarding students have no reason to bring a mobile device to school; phones and other electronic devices should be left in the boarding residence during the school day.

Permission should be sought from staff on duty to use phones while **students are waiting for buses or at student pick up locations**.

Sanctions

1. Students who use their mobile devices during school hours (without permission from a staff member) will have their device confiscated. The Head of Year will notify parents of the confiscation via an Edsmart Parent Slip. The student will need to collect the device from the Head of Year at the conclusion of the next school day.
2. If a student's device is confiscated on a second occasion, parents/carers will be required to collect the device from the Student Office.
3. Repeated infringements will result in the student issued with a Thursday afternoon detention, confiscation, and a parental meeting with the Head of Year.
4. Failure to follow procedures of **appropriate conduct** may result in an alleged incident being referred to the police for investigation. In such cases, parents/carers/Head of Residence would be notified immediately.

Storage Devices and Drives

1. Although the College uses cloud based MSO365, students are advised to have a USB memory stick or similar device available for their use at the College.
2. When brought on campus these devices are to be free from files that contain inappropriate games and/or offensive content.
3. Students are required to clearly label their USB stick or similar device with their name.

Computers

1. A laptop usage agreement is in place at the College which supports students in their learning. Refer to Laptop User Agreement.
2. Only College approved software to be installed. College laptops are to be free from inappropriate games and/or offensive content.
3. Students may access the College network from their laptop through wireless connection which is available in all areas of the College.

Other Devices

1. Devices whose primary purpose is recreational may be used only at times of recreation, and in ways that are permitted by the boarding supervisor.
2. When calculators are required for class use or assignments, teachers will advise students when and how they should be used and the type of calculator to use.

PRIVACY AND MONITORING

Whilst access to the facilities is provided by way of a personal account, the College reserves the right to investigate student use of the facilities. The College will do this in such a manner as to respect a student's privacy.

The College reserves the right to monitor and inspect any device whether College property or personal property brought onto the College campus by a student. A staff member who has reasonable grounds to suspect a device is being used inappropriately or have inappropriate or offensive content has the right to confiscate the device. The staff member must inform the student's Head of Year and give the device into their care.

The Principal (or by delegation the Deputy Principal) reserves the right to inspect any confiscated device in the presence of the student. A student cannot restrict access to the device by not complying with the Principal's (or the delegated authority's) request. For example: refusing to inform the Principal of the required passwords.

The College reserves the right to suspend or terminate a student's access to the College network and to prohibit a student connecting to the College network with a personal device.

PERSONAL RESPONSIBILITY FOR SECURITY

System security is the individual and collective responsibility of all members of the College. All suspected security violations will be treated seriously as they may threaten the provision of the College service.

Any student who suspects a security problem on the College digital network including the Internet should immediately notify a member of staff and not demonstrate the problem to others. Any student who believes their files have been tampered with should immediately contact their teacher with the specific details.

Students must never pass on their network login details or password to any other person. Likewise, students must never allow another user to use their account. Unattended workstations must always be left in the *Logged off* mode when the operator leaves their workstation.

The owner of a network account is responsible for any actions that occur while the account is being used. St Augustine's College expects all students to adhere to this policy but cannot accept responsibility for individual behaviour. Any student found breaching these rules may have his network account disabled and could be subject to further disciplinary action, detention, suspension, exclusion, liability for damages and or potential legal action. Financial compensation for any damage caused to the College computers or systems by students will be the responsibility of the student's parent/guardian.

I have read this form and understand the conditions of the *Digital Network Acceptable Use Policy*.

MOBILE DEVICE ACCEPTABLE USE GUIDELINES

PURPOSE

The widespread ownership of mobile devices requires that all members of the St Augustine's College community take steps to ensure that mobile devices are used responsibly. The College accepts that there are genuinely appropriate reasons for students to have access to a mobile device.

The policy is based on principles of mutual responsibility and respect of all parties involved in the use of mobile devices. They are designed to assist in managing the safe and responsible use of mobile devices by students and involves parents as partners in assisting their children in the proper use of mobile devices. The guidelines are underpinned by an overall requirement for students to exercise care to use their mobile devices in a considerate manner and to be aware of situations in which others could be affected by their actions.

The privilege to take a mobile device to school may be withdrawn if a student fails in their duty to behave responsibly and in accordance with the College's requirements.

RATIONALE

The College does not encourage boys to bring mobile devices to school, but we do understand that in some circumstances this is a necessity. By allowing students to bring a mobile device to school, we assist in creating easier communication between parents and boys during travel to and from school.

RESPONSIBILITY

1. It is the responsibility of students who bring mobile devices to school to abide by the guidelines outlined in this document.
2. **Devices are to be switched off and placed into the student's locker or bag upon entry onto the College grounds and left there without being used until they leave the College grounds.** Usage includes the sending and receiving of text messages or data. Students may use their device only with permission from the Deputy Principal in consultation with the Head of Year, Head of Department & teaching staff. ***Students who need to carry a mobile device for medical reasons must provide a letter from their General Practitioner to their Head of Year stating the reason.***
3. **Boarding students** have no reason to bring a mobile device to school; phones and other electronic devices should be left in the boarding residence during the school day, unless they have prior authorisation from their Head of Residence. **Boarding students of the College will also be required to complete Appendix 1: Boarding Students Mobile Device Acceptable Use Guidelines Agreement.**
4. **Permission** should be sought from staff on duty to use phones while **students are waiting for buses or at student pick up locations.**

GUIDELINES FOR ACCEPTABLE USE

1. Courtesy, consideration of and respect for others are always paramount.
2. Parents and students should ensure that devices are properly and adequately insured as personal property.
3. Students should mark their mobile device clearly with their names.
4. Mobile devices that are found in the school and whose owner cannot be located should be handed to the Student Office.

5. Devices are brought to school entirely at the owner's risk. The College cannot accept responsibility for theft, loss, damage, or health effects (potential or actual).
6. It is strongly advised that students use passwords/pins to ensure that unauthorised device calls cannot be made on their devices. Students must keep their passwords/pins confidential.

Parents are reminded that in cases of emergency during school hours, the College office remains the vital and appropriate point of contact and can ensure your son is reached quickly and assisted in an appropriate way. Contact details are phone: 4052 9111 or email: sac.reception@cns.catholic.edu.au

INAPPROPRIATE CONDUCT

It should be noted that it is a criminal offence to use a mobile device to menace, harass or offend another person. As such, if action as sanctioned by the Principal or their delegate is deemed ineffective, as with all such incidents, the College may consider it appropriate to involve the police.

1. Any student/s caught using a mobile device to cheat in exams or assessments will face disciplinary action as outlined in the **Academic Integrity Policy**.
2. Students with mobile devices may not engage in personal attacks, harass another person, or post personal information about another person using SMS messages, take/send photos or objectionable images, or device calls.
3. Students using mobile devices to bully other students will face disciplinary action as sanctioned by the Principal or their delegate.

SANCTIONS

1. Students who use their mobile devices during school hours (without permission from a staff member) will have their device confiscated. The Head of Year will notify parents of the confiscation via an EdSmart Parent Slip. The student will need to collect the device from the Head of Year at the conclusion of the next school day.
2. If a student's device is confiscated on a second occasion, parents/carers will be required to collect the device from the Student Office.
3. Repeated infringements will result in the student issued with a Thursday afternoon detention, confiscation and a parental meeting with the Head of Year.
4. Failure to follow procedures of **appropriate conduct** may result in an alleged incident being referred to the police for investigation. In such cases, parents/carers/Head of Residence would be notified immediately.

I/We have read this form and understand the conditions of the *Mobile Device Acceptable Use Guidelines*.

Important Information

Upward Life Family Practice is offering GP services to students attending Boarding School at Saint Augustine's College. GP services will be available to students on Wednesday mornings during the school term, between 7:30-8:30am. If appointments are required outside of this time, the school nurse will liaise with ULFP staff to book appointments after school hours as soon as possible.

As part of this service, we are required to provide and obtain information, and gain consent from the patient's, or patient's guardian's to ensure proper patient care.

This form provides information on our services, how the service works, and acts as patient consent.

1. Patient Information, Records Transfer, and Consent

- **Patient Information:** Basic patient information is required for us to appropriately treat all patients. Please complete the New Patient Information form in completion to ensure all details are correct.
- **Parent and Student Consent:** Consent is required prior to Upward Life Family Practice seeing the students. While mature minors may legally consent to their own care, obtaining parental consent is recommended. Consent includes;
 - Details on the type of information that will be accessed.
 - How records will be used and securely stored.
 - Contact details if parents have questions.
- **Records Transfer:** Medical records will only be transferred for continuity of care purposes. While mature minors may legally consent to their own transfer, obtaining parental consent is recommended.

2. Billing and Financial Information

- Appointments booked by the School Nurse will be bulk-billed under Medicare for students that are Medicare eligible. If additional services not covered by Medicare are required, this will be discussed prior to the service being completed.
- Appointments booked outside the school term, or by the patient directly will be billed as per our regular billing schedule as a Private patient.

3. Data Privacy and Security

- **Electronic Records Handling:** If records are transferred electronically, ensure secure methods are in place for remote access, with compliance to Australian privacy laws.
- **Secure Record Storage:** For both electronic and paper records, confirm secure storage at the school site and limit access to authorised personnel only.

4. Communicating with Parents and Students

- In majority of cases, the school nurse often acts as the primary liaison between the school, the student's family, and healthcare provider.
- In cases where the student experiences a health issue, the school's Nurse or GP may contact the parents directly with updates or if there are concerns that require parental input (e.g., decisions regarding treatments or hospitalization).
- If parent's wish to discuss the student, this may require a phone appointment with the Doctor at Upward Life Family Practice which may incur a fee.
- Parents should ensure that updated contact information is available to the school and medical staff for urgent situations.

5. Coordination with the School

- **School-Doctor Liaison:** The School Nurse will be the main contact person for St Augustine's Boarding students. Staff at ULFP that will act as contact persons include Reception staff, the Practice Manager, and the treating GP as required.
