

St Mary's

SCHOOL IMPROVEMENT PRIORITIES

2026 – 2030

**ST MARY'S
CATHOLIC
SCHOOL**
Mary Our Help

At St Mary's Catholic School, we embrace the spirit of Mary our Mother on our journey to guide, strengthen and challenge each other to achieve our full potential. We, as a Mercy learning community, strive to demonstrate the values of compassion, justice, and outreach.

As part of the School Renewal process, the school leadership team, school staff, and school board have created an ongoing plan for continuous improvement. As a Catholic school, we remain dedicated to deepening our Catholic identity. Following a year of review, reflection, and consultation with our community, we have identified the following key improvement priorities to guide us through this renewal cycle.

Faith in Action

Live our Catholic Mission daily through learning and community shaped by Jesus, Mary, justice and mercy.

High-Quality Learning for Every Student

Ensure high-quality learning through consistent expectations, evidence-based teaching, and clear behaviour processes.

Strong Literacy Foundations

Boost literacy by using effective teaching, structured support, and data-driven goals for all students.
