

Clermont place-based planning project update

OCTOBER 2023

JAMES COOK UNIVERSITY AUSTRALIA

Raise service awareness

Service mapping almost complete
Promoting services and programs on social media, Clermont Telegraph, posters around town, email circulation

What's next

Health stall at Beef Expo
Create directory - online, paper
Central calendar
Processes for sustainability

Promote healthy living

Working with NQPHN to roll out My Health for Life Program
Connecting with financial counsellors

What's next

Renew the 10,000 Steps course
Look into the Get Moving Program

Foster peer support

Local Heart Foundation support group
Meeting place with teleconferencing available at Clermont Connect
Promoting groups

What's next

Compassionate Communities Health
Community Connectors Workshop for support with palliative care

Initiate an interagency meeting

It's on the way!

Maternal & school-based youth health services

Clermont MPHS has advertised for a midwife and nurse for school
We're also connecting with other services

Develop the **Health Concierge** role so it's ready at the right time

Draw on community views and data to build a case for better access to **local child health services**

Celebrate cultural diversity through a community event

Wish List

These are longer term goals and we'll keep doing what we can

Create a community bus service
Improve local access to blood collection
