

# ENGINEERING SOLUTIONS FOR TOMORROW

Since 1968, TEi Services has continually provided engineering and fabrication solutions at the nexus of innovation and tradition. We take great pride in being at the forefront of engineering developments that will shape the manufacturing sector for upcoming possibilities and challenges on a local, national, and international scale.

**QUALITY  
ACCREDITED  
ENGINEERING  
SOLUTIONS**

## WHAT WE CAN OFFER

- Welding Supervision
- Welding Inspection Services
- Weld Procedure Development
- Welding Consultancy, ISO 3834, AS 5131 reviews and more
- Weld Mapping and Traceability Spreadsheets
- Document Development and Review
- Qualification of Welders to ISO 9606, AS 1554, ASME IX and AS 3992
- GCAA Welder Competency
- Staff Development, Training and Mentoring
- Protective Coating Inspections NACE
- Coordinate Non-Destructive Testing
- Welding Machine Validations to EN 50504:2008 and EN IEC 60974-14:2018 Standards, using Kemppe Arc Validator

Thanks to investments in our continued professional growth, we now have several internationally renowned highly regarded welding and protective coating supervisors and inspectors in the Townsville region.

After realising there is a shortage of these qualifications in the sector, particularly in North Queensland, we began offering these services to the greater industry community.

We are Weld  
Australia AWCR  
Approved Examiners
