Mining and Manufacturing Forum

PARTNERSHIP OPPORTUNITIES
- 2026 -

About the event

The 2026 Secure the Future: Mining and Manufacturing Forum will bring together industry leaders, government, investors and innovators from across Australia to shape the future of the mining and sovereignty for Australia.

With a strong focus on North Queensland's strategic role in global supply chains, and investing in sovereignty the forum will highlight major projects, emerging opportunities, and the region's contribution to the energy transition. From established mining operations to manufacturing, development and downstream processing, the event will showcase the initiatives and partnerships driving industry growth and regional prosperity.
