To all those people who like Todd Payten, he is the man who picks the team, and puts them in the spot where he wants them. Now I know he is not the field, but he has had the final say who goes where and plays in that position, I think at times he gets that wrong. Rusty, Kirwan.

Went to Strand late yesterday afternoon to take in Ephemera. One thing spoiled my outing; the number of dogs with their adoring owners. One dog with diarrhoea relieved itself on the grass beside where I was standing. It was impossible for the owner to pick that up – yuck! Brenda, Kirwan

In keeping with the adult crime adult time, it must surely follow that a life

for a life! Dale, Cbrook

Re: Government talks up courthouse project! Why, Mt Isa's closing down? M, Stuart

Arguments about renewable energy costs are common in climate and energy discussions, but a lot of what you hear is just misinformation or disinformation from people who are trying to lock us into a fossil fuel future. One of the most contentious yet stupid arguments is whether renewables reduce energy costs – of course they do! HJL, Townsville

Russ, Douglas – as I've said before: it's telling that you guys don't complain about like-minded liars but spit the dummy when I burst your bubbles with facts and logic. If I'm wrong, refute me instead of sooking about it. Steve, Gurambilbarra

Actually, Russ Douglas, there are plenty of us who believe Steve BG, especially those of us who get our information from reputable fact-checked sources rather than Facebook posts, TikTok videos and our mate down the pub. Jack, Adale
So Crisafulli appears to be nice and comfortable in the private jet these days, doubling the flying time of Miles and Palaszczuk in his first three months. Remember when Labor did it and he lost the plot arguing they didn't understand the cost of living crisis? The hypocrisy from this LNP government is off the chart. So out of touch yet we won't hear a peep from Poole, Baille and Marr on this one, yet again ... Steven, Wulguru

Glenn White, Kelso. If anyone would know how socialism works, it's someone like you who spreads more propaganda than Joseph Goebbels. The only reason the left side of

politics wants the voting age dropped to 16 is to get their votes before they wake up that what they have been indoctrinated to believe particularly about climate change is pure fantasy.

Ron, Kelso
The unemployment rate in Australia has risen on his watch and he who takes no responsibility for anything treasurer Jim

Chalmers says it's Donald Trump's fault. Sounds about right. Reb, Kelso

How refreshing to see some uplifting news in the Bulletin with article on Pimlico high school's music students in Sydney. They have always punched above their weight. Mt. Louisa Al

Focus on the seeds, not the trees. What seeds are you planting today? Nana, 4814
