SECTION 2: REPORTS

PRESIDENT'S REPORT – ANNETTE MAIDMENT

When you reach calm waters, it's easy to forget that you steered through the storm, and after 2 disruptive hockey seasons due to floods and COVID-19, we have been lucky in Townsville to have played a full season in 2021 with little impact from the pandemic. Although, we have enjoyed a full playing season this year, our thoughts remain with those in Hockey Victoria and Hockey New South Wales that have been unable to do the same. No doubt COVID-19 will continue to reshape the world we live in, the way in which we live and may also impact community sport in the foreseeable future, but in 2021 we are grateful to have played our first full season in 2 years and been able provide hockey to our members.

After 5 years, this is my final year as President of the Townsville Hockey Association and my final President's report. To appreciate what we have achieved in those 5 years, it is important to remember where we started, and I am extremely proud, that as a collective group, we have rebuilt our association that was on its knees in 2017. The financials presented to you this year are a stark contrast to those in 2017, and it is pleasing to submit a Balance Sheet to the members with cash reserves and turf provisions for the future replacement of our synthetic playing surfaces. Our facility is looking amazing, and the facilities team continue to work hard each week to maintain and improve our association for the benefit of all our members. This small group of volunteers goes above and beyond every year to ensure that the Townsville Hockey complex is one of the best in the state.

SEASON 2021:

As the first full season in 2 years, 2021 saw our registered player numbers increase, and our four clubs fielded 65 teams across 14 Divisions. In addition to this, 4 teams played in each of the Men's and Women's J League competition on Friday nights, and our Mini Sticks program introduced hockey to an average 80 participants per term. The Townsville Hockey Umpire Academy continued to grow, and this year saw the formal inclusion of the technical officials in the academy. The academy has provided our umpires and technical officials with support, mentoring and development opportunities to continue to improve their umpiring, and a huge thank you is extended to all those involved in ensuring 2021 was a success.

Our competition season officially finished on the 11th September with some exciting grand finals played, and plans are already underway for our off-season programs. Summer Social Hockey is returning on Wednesday night in 2021 with 36 teams currently registered across the junior and senior divisions, an increase of 6 teams from 2020. In addition to this, indoor hockey representative teams have commenced training and Townsville is looking to send teams to the Indoor Hockey State Championships once again this year in all junior age groups. Unfortunately, due to the loss of our venue, we are unable to run an indoor hockey competition or social season, but as new opportunities arise in the future, I have no doubt that indoor hockey will be back in the off-season calendar in 2022.

REPRESENTATIVE TEAMS:

With the cancellation of all state championships in 2020, our players were keen to represent Townsville in 2021. State Championships saw mixed results for our Townsville Representative teams, and you can view all the results in the back of our Annual Report. 2021 also seen the re-introduction of the Hockey Queensland State Championships (or Opens State Championships as we all know it). It was great to see our senior players have the opportunity to represent Townsville at a senior level, with both teams performing well. I would like to congratulate all players who attended State Championships and represented Townsville. All our players were great ambassadors for Townsville Hockey, and it is great to see so many of our Juniors and Seniors enjoying the fun and comradery of State Championships. I would also like to congratulate our youngest

representative players, our U11's that attended the U11 Hockey Festival in Mackay in August. This year we sent 3 girls' teams and 3 boys teams for a weekend of fun and hockey. Thank you to all the parents, coaches and managers that make it possible for all our players to attend state championships, Hawthorn Shield, and the Mackay Hockey Festival.

STATE CHAMPIONSHIPS HOSTED:

Townsville Hockey successfully hosted two major championships in 2021 - the U18 Women's State Championships in June, which the association hosted to assist Hockey Queensland to enact a COVID Contingency plan to move State Championships from the southeast of the State, and the U13 Boys State Championships the following weekend in July. This is a huge feat for any association, let alone with a 3-day snap COVID lockdown in Townsville that was enacted 2 hours after the end of the U18 Women's State Championships and finished 24 hours prior to the start of the U13 Boys State Championships. But with the selfless efforts of a small group of volunteers, Townsville Hockey successfully welcomed 20 teams for the U18 Women's Championships and a further 22 teams for the U13 Boys State Championships and delivered fantastic events on both occasions. In 2022, Townsville Hockey will host Master's Ladies State Championships, the largest State Championship on the Hockey Queensland calendar, and we look forward to welcoming all participants and their supporters in 2021.

ACKNOWLEDGEMENTS:

This year we once again saw an enormous commitment from our volunteers, with time and resources offered freely to assist in progressing the association. Their continued selfless approach has been extraordinary and without these people we would not have seen the progress that our association has made this year.

Thank you to our staff, Bruce, Christine and Peter who did amazing job in 2021 to ensure that our hockey operations run smoothly and efficiently, and our facility is ready each week for our members to play. The work that is undertaken each day to keep the association running and moving forward and the amount of work and effort that you do behind the scenes is greatly appreciated and we thank you for everything you have done to support our association and members in 2021. A special thank you is also extended to Kylie Dixon, our treasurer, for her continued work in to ensure our association is financially sound.

I would also like to acknowledge the work of our Regional Coaching Director, Nathan Doherty this year. Nathan has continued to work hard to progress Townsville Hockey and develop our players. His work within the schools and with our junior and senior players, continues to move our association forward and will ensure the long-term growth of the sport in our region.

Finally, I would like to acknowledge the contribution of Bruce Astbury to our association over the last 5 years. Bruce has been a member of staff for almost 5 years, during which time he has given countless hours to assist in rebuilding and progressing the association. Bruce has now resigned and is pursuing his passion with a new job back in the lab. We wish Bruce all the best with his new job and thank him for his support of hockey throughout the last 5 years. Bruce will continue to volunteer in a number of roles, including Board Secretary, in 2022.

2021 AND LOOKING FORWARD TO 2022:

After 2 disruptive seasons in 2019 and 2020, the focus of the THA Board this year continued to be on ensuring the future financial stability of our association and providing hockey for our members.

Hockey like most sports will continue to be perceived as expensive for players and is always under threat from the recreational sport industry. But the last 2 years have reminded us of the need for a sense of community. Ultimately for our association, it remains a numbers game, the more members we have, the more affordable the sport becomes and the more we prosper and grow. We have one of the best hockey

facilities in the state, including two Olympic standard playing surfaces and we will continue to promote our sport and welcome new members.

One of the most significant challenges for community sport now and in the future, is the decline in volunteering. Without volunteers our Associations and Clubs cannot run, and without volunteers our facilities cease to be maintained, to the detriment of all current and future users. We are fortunate that we currently have a very strong and long serving group of volunteers, but we cannot be complacent as we search for the next generation of Club administrators, coaches, managers and officials to assist in growing and progressing our association.

In 2022, the Board of Townsville Hockey, and more importantly the entire association, needs to continue to move forward with a clear focus on:

- Working with all 4 clubs to grow their player bases and continuing to strengthen inter-club relationships
- Continued focus on identifying additional revenue streams – particularly in the off season - to reduce the financial impact on our members
- Recruiting a larger player base and growing the grass roots participation in our sport; and
- Promoting the sport of hockey in our region.

Now is the time for the 2022 Board to re-imagine hockey. To think outside the square and deliver a hockey product to our members that may not align with traditional seasons, but one which can work for our member's needs. Our association is well placed with an excellent facility, improved operating efficiencies and cash reserves and provisions to ensure the future financial stability of the association, and there is no better time for the 2022 board to be brave and take a more strategic approach to its functions and be proactive in growing our association.

I would like to take this opportunity to thank my fellow Board members for their support and commitment this year. Through a successful 12 months, the Board remained focused, committed, and passionate about making Townsville Hockey Association one of Queensland's leading regional hockey associations and facilities and providing the sport of hockey to our members.

Finally, as I reflect on 5 years as your President, I would like to thank all our members and supporters that continued to support Townsville Hockey in 2021. You are the foundation of our association and have made this year a successful year for the Townsville Hockey Association.

Annette Maidment
President – 2021

HOCKEY PARTICIPATION REPORT – JOSH WEST

2021 is my third year as a member of the THA Board of Management and my third year with the Participation Portfolio under the revised Board structure.

2021 has been the first uninterrupted season of hockey since 2018. Happily, from the following player number comparison it is showing improved participation numbers.

While the comparison in player numbers from 2019 to 2021 shows an increase it is worth note that 2019 was badly disrupted by the Townsville floods and 2020 was interrupted by the COVID 19 pandemic.

I believe that further growth in numbers is achievable with the continued nurturing of the existing player base in addition to attracting additional new players.

Of note is the continuing rejuvenation of the Brothers Club in 2021. This has provided more stability to the senior mens divisions and Brothers will again need to be a key driver for player numbers in 2022.

It is impossible to have an association without 4 robust Clubs. It is critical for the Association and all clubs to focus on this issue to continue its sustainability into the future.

REGISTERED CLUB NUMBERS

	2019	2020	2021
Association players	610	619	691
Mini Sticks (term 3 only)	80	89	78

THA HOCKEY PROGRAMS 2021

Regular season

Juniors

Mini Sticks – 78 participants
 U10 Mixed – 8 teams
 U13 Mixed divisional – 10 teams
 U15 Mixed divisional – 8 teams
 J-League Girls – 4 teams
 J-League Boys – 4 teams

Seniors

D4 Mens – 4 teams
 D4 Ladies – 6 teams
 D3 Mens – 4 teams
 D3 Ladies – 5 teams
 D2 Mens – 4 teams
 D2 ladies – 4 teams
 D1 Mens – 4 teams
 D1 Ladies – 4 teams

Masters

O35 Mens – 4 teams

Off season programs

Casual Masters (mixed)

Casual masters for 2021 was again well received with over 20 players each week in the lead up to the premiership season.

The 2021 post season program for Casual masters has commenced and will run until late 2021, with resumption of the Casual Mixed master's in early 2022 running prior to the 2022 premiership season.

We will continue to support the rejuvenation of the O44 Mixed masters, to grow the competition in 2022.

Social hockey

Summer Hockey – 2020

The 2020 season again saw good growth for summer hockey with 30 teams registering (22 senior and 8 junior teams) up from 22 teams in 2020.

The competition is scheduled for commencement on 6 October 2021, with strong interest again being registered (32 teams).

Indoor hockey

Indoor Hockey – 2021

Unfortunately, due to the unavailability of a venue in 2021 no indoor hockey competition is scheduled.

The THA Regional coaching director, Nathan Doherty, will be undertaking representative only programs in the build up to State Championships, scheduled for December 2021.

Mini Sticks

2021 provided the opportunity for many of the older Mini Sticks participants to transition to the U10 competition.

The independence of the Mini Sticks program allows the distribution of players to clubs based on need. Without this feeder system, a balanced U10 competition would not have been achieved in 2020 or 2021. The Mini Sticks program has ensured each club has a minimum 2 teams in the U10 competition, further, the balanced competition in the 2021 U13 competition is a good indication of the success of this methodology.

All 4 clubs need to have greater involvement in Mini Sticks as they are the ultimate beneficiaries of a strong feeder program. The clubs make up the association and without a suitable junior feeder program the clubs, and therefore the association, will not be viable.

Further developments within participation:

- Greater club involvement in mini sticks
- Identify ways to attract and retain more 7-11year old's to hockey when facing competition from other Sports
- Retention of players from entry to the mini sticks program into playing club hockey
- Further monitoring and support to the Brothers hockey club to further strengthen the mens team numbers into 2022.
- Programs to increase the links between THA and school hockey
- Improvement of the social/mixed masters in conjunction with current masters to increase social participation
- Seek suitable long term Indoor hockey venue, allowing an indoor program and competitions for 2022

Josh West

Director Hockey Participation

COMPETITIONS COMMITTEE REPORT – MURRAY JAMES

Following the previous two seasons of interrupted hockey it was great to once again, despite a three-day COVID lockdown in June, enjoy a full season of hockey involving players from Under 10 to Masters. Season 2021 saw our second season of mixed divisional hockey in Under 13 and Under 15 and the second season of the franchise-based J league competition for players aged 16-19 years. A strong growth was seen in player numbers across our Division 3 and 4 men's and women's competitions, which enabled 5 and 6 team competitions in D3 and D4 women's, and the reintroduction of Brothers D3 Men and Commercials D4 Men enabled four team competitions in all men's divisions.

The introduction and use of RevSport to manage team lists and monitor player records and statistics enabled club officials and Competition Committee delegates to function more efficiently throughout the season.

Competitions committee

In 2021 the Competitions Committee consisted of four (4) club delegates and me as Chair. I would like to thank all delegates for the time and effort put in during the season and acknowledge the operation of the committee in making decisions to ensure the best outcomes for our hockey community. Special thanks to Damian Dixon - Brothers, Grant Dale - Commercials, Peta Davis - Parks and Ashley McCulloch - Wests, for their commitment and time devoted to overseeing THA competitions throughout the year.

Umpires & officials

Thanks to Anne Jones for allocating senior umpires, and Rob Lewis for allocating junior umpires throughout the season and Ally Lawler and Carissa Marshall for allocating Technical Officials throughout the season. Thanks also to Anne and Rob Lewis for their leadership of the Umpire's Academy. The growth and development of umpires across the association continues to result in strong numbers of umpires across all competitions.

Men's Competitions

Congratulations to the following 2021 Premiership winning teams:

Division 1: Commercials

Division 2: Commercials

Division 3: Commercials

Division 4: Parks

Women's Competition

Congratulations to the following 2021 Premiership winning teams:

Division 1: Commercials

Division 2: Parks

Division 3: Commercials

Division 4: Brothers

J League Competitions

Congratulations to the Cyclone men's team and the Lightning ladies' team on winning season two of the J-League competitions.

Junior Mixed Competitions

In 2021, the U10, U13 and U15 continued to be played as mixed competitions, U10 (8 teams), U13 D1 (4 teams), U13 D2 (6 teams), U15 D1 (4 teams) and U15 D2 (4 teams). The U10 Competition was a round robin competition and finals were not played.

Results are as follows:

U13 D1: Parks Maroon

U13 D2: Brothers White

U15 D1: Commercials Blue

U15 D2: Commercials Red

Masters Men

The Masters Men's Competition is overseen by a Masters' committee comprised of club delegates. Congratulations to Parks Club on being crowned Premiers.

Recommendations

Prior to the commencement of the 2022 season the following recommendations have been provided:

1. Review and Update Competitions Procedure Manual - whilst this is done annually it is important to review the Manual prior to the commencement of each season and amend as required.
2. Review 2021 divisional and mixed structure in U13 and U15 and also review J-League for any modifications/amendments for season 2022. Throughout 2021 a meeting was convened to hear club perspectives, however greater consultation and more in-depth review is required prior to 2022.

Murray James

Director Competitions & Fixtures

OFFICIATING REPORT – ANNE JONES

This year we have done well in our second year of our academy. Rob Lewis continued to allocate and provide mentoring and support to our junior umpires and mentors. Paula Grover Johnson provided mentoring and allocations for our more advanced junior umpires at 15 and J-League level. Paula, Andrea Farren and I were able to provide coaching to some of our senior umpires which we would like to expand on next year.

This year technical officials were added to the academy. Ally Lawler did a great job of allocating the technical officials. We were able to hold a Level 0 and Level 1 Technical Official course in conjunction with the U18 State Ladies' Championships, which was well attended and allowed a number of people to be assessed on their practical skills and to achieve senior and Level 1 badges.

A number of umpires were again selected to attend national championships. Whilst all were not able to attend due to the cancellations of the championships, a huge congratulations on your selection.

National 21 Women (postponed): Paula Grover Johnson

National 18 Men: Chris Ibell

National 18 Women: Paula Grover Johnson

National 15 Women: Andrea Jong

National Masters (cancelled): Anne Jones (women), Scott Orth (men)

Umpires and technical officials were able to attend state championships again this year. A big congratulations on your selections.

Hockey Queensland Championship: Umpires - Chris Ibell, Mitch Foster

Masters Women: Umpires - Anne Jones, Shane Davis, Jenni Rasmussen, Lisa Bottcher; Technical official - Janelle Durso

18 Men: Umpires - Mitch Foster, Kaleb Lewis (Rockhampton); Technical official - Nikki Lewis

18 Women: Umpires - Connor Williams, Paula Grover Johnson, Andrea Jong, Lyta Paronella, Anne Jones; Technical officials - Carissa Marshall, Ally Lawler, Annette Maidment, Belinda Jacklyn, Ben Francis, Peta Davis, Anne Jones

15 Men: Umpire - Kaleb Lewis, Technical official – Nikki Lewis

15 Women: Umpires - Jorja Maidment, Tahnee Marshall; Technical official - Ben Francis

13 Men: Umpires - Brayden Lewis, Giaan Paronella, David Nugent, Alice Edgerton, Bridie Marshall. Technical officials - Ben Francis, Nikki Lewis, Peta Davis, Carissa Marshall, Rosanne Hall

13 Women: Umpires - Jonathan Kenneally, Hayley Francis; Technical official - Jamie Burton

Finally, congratulations to our umpire award winners:

- Best Junior Umpire: Jorja Maidment
- Most Improved Junior Umpire: Brayden Lewis
- Umpire encouragement awards: Jonathan Kenneally, David Nugent, Hannah Gunn

Anne Jones

Umpire Sub-Committee Convenor

FACILITIES REPORT – BRIAN KERSHAW

Peter Edwards our Head Groundsman and his effort and dedication are very evident with the grounds and surrounds always presented well and ready for event.

Bill Osborn, our 2nd groundsman and maintenance expert, whose help and expertise saves THA in workload, dollars to grounds budget, and, in turn, extended life of our machinery, is a major dollar saving, and for his help to Peter and myself, I am forever thankful.

Jeremy Steel, for his help with stock delivery, also saves the association more costs.

The office staff for ordering stock and tasks associated with the bar and canteen, thank you.

Bar staff Naomi, for putting her hand up and doing a magnificent job all year, and filling gaps at the end of the season when our staff levels fell. Grant and Lisa for all they did for part of the year, thank you and well done. This is one of our major income streams and for it to run smoothly and efficiently allows us to keep prices at a very reasonable rate compared to other sporting clubs and pubs, and this is to the benefit our members and gives them value for their fees.

The work that Glen and Annette Maidment did assisting the facilities team to get projects like irrigation of grass fields, replacement of tractor, ride-on mower, and 4-wheel bike with new and near new equipment (tractor, Polaris and ride-on) that will see us through the next 5-10 years, if we keep them well maintained.

As in past years, some of the major cost savings we have done and do ongoing

- In-house maintenance savings to THA.
- Turf cleaning by Nathan and our new cleaning machine.
- Maidment Development's ongoing assistance.
- Josh West with equipment loans from his company.

Grants received and due to be started. These grants take a great deal of time and effort to complete, and to be successful with all the different levels of government needed, so again thanks Annette and Glen for these successes.

So, what is needed in 2022 moving forward:

- Lights to be installed on Brothers fields
- Recycle water to be connected to complex by Townsville City Council.
- Top dress fields and fertilise.
- Maintenance plan moving forward
- Sinking fund to be ongoing so we are in a position in 9-10 years to replace carpet again.

I personally would like to thank Annette Maidment for all she has done as president during her time in role and with the 2019 floods, covid, many championships and challenges, using her business ethics, connections in the community and politicly, to get THA over these major disasters. THA is in its best position financially, with facilities and structures that will see hockey and the hockey fraternity grow and move forward, ahead of any in the state. A job more than well done!

So, after a very significant world -wide pandemic and a lot of hours and effort we can be proud of what the committee, staff, volunteers, and Townsville Hockey achieved in 2021.

Brian Kershaw
Facilities Chairman

DEVELOPMENT REPORT – GARY KERSHAW

I am pleased to present the 2021 Development Portfolio report to the THA Annual Meeting.

I begin by acknowledging the positive impact and significant benefit made over the past five year by outgoing president Annette Maidment. Annette's impact is not just in the facility / environment but also in the structure and operations of THA which now see s THA as a highly sustainable sporting organisation. There should be no mistake Townsville Hockey would be in a very different place if not for Annette's vision, drive, commitment, and ability to make difficult decisions to achieve the outcome we needed and now see. Annette has directed a remarkable rebuilding of THA which delivers an environment from which hockey can prosper, this is particularly important for the development portfolio.

THA now has all the tools required to support a strong development agenda for the full gamut of the development program, including

- Incredible facilities to encourage players and clubs
- THA support staff and importantly a committed RCD eager to take THA forward
- Significant gravitas with Hockey Qld and Hockey Australia
- Regularly allocation of state championships and events

The challenge for the THA board and Clubs is to maintain the momentum and to build on, what is now, a very solid base.

May I also offer my thanks to my fellow board members for their collaboration and involvement and special thanks to those outgoing members.

Development Direction and Future

What now for development:

The delivery of several key initiatives, proposed over the past two years, which now need to be finalised and implemented in 2022, and imbedded from 2023 onwards, these include:

Structure & Consistent operations of the development functions

Development structure to be fully realised and imbedded in the operations of THA including

1. An active strategic Oversight panel
2. A formal junior development panel with
 - a. active integration with Junior competitions
 - b. consistent calendar of annual activities and programs
3. Consolidate the re-emergence of a senior representative program
4. Finalise a consistent coach development
5. Consolidate the Officiating Academy
6. Socialise and enhance the pathways for players, coaches, and officials

RCD Role to be fully developed

The role of the RCD, to become more balanced between, on the ground coaching actions / activities and managing a broader and larger group of THA volunteers to deliver what is a significant development program.

Specifically, for the hockey development, the focus to be, forward thinking in the age of a “new normal” post the disruptions of the past few years.

The RCD is critically placed to deliver in this area however it is predicated on

- Continued affective leadership from the BOM
- Increased interaction and support from clubs
- Increased volunteer numbers -working smarter
- Effective communication with our member base
- Working with clubs to engender a stronger development mindset rather than win at all costs approach.

Clubs

In conjunction with Nathan, we have identified the need to fundamentally revise the interaction between the development activities and the clubs, The basic change is to have a greater level of integration, communication and engagement with clubs to ensure a better alignment between all four clubs and THA to support

- Player recruitment programs
- Integrating players into clubs from intake programs
- Ensuring club capacity can support. develop and retain players.
- A coach development program to ensure coaching capacity aligns with player base needs.
- Our structure is flexible and agile enough to develop and adapt our actions to achieve a higher level of success

Officiating

Congratulation to Ann Jones for her continued commitment and drive to what is the most difficult role in THA. 2021 has not been without problems however the association has seen a far more consistent and sustained approach to officiating standards, development, and capacity.

2022 will see some tweaking of the academy, these improvements will only succeed with committed engagement from club executives and the THA coach base. The player base will benefit and follow if we can improve the direct leadership from these groups to achieve a respectful relationship on field with between officials and players.

Player academy / development programs

An active consultation and implementation plan to entrench development calendar / programs for our various player groups.

The current 2022 plan will only be realised, with a greater level of engagement, involving from more coaches and parental support across the various age-based programs.

To this end the development program is seeking a broader coaching “panel” who will engaged in flexible and various ways and periods

- Representative team Coaches – defined roles with access to support coaches
- Development program coaches – More coaches with varying levels of involvement to support the various events and activities
- Use of player development programs to also develop coaches
- Specialist coaches- ie Specific skills development

Development beyond the current THA player base.

As stated in previous years, more engagement in our school program is critical to our overall development and player base.

Schools and community marketing of hockey will be targeted, by RCD Nathan, to tap into these areas, raise our profile and make available the first elementary steps into developing hockey players. Access to a pool of development coaches is instrumental to expanding our school programs

Representative honours

2021 saw the return of representative hockey, and congratulations to all out teams and to those individuals identified for higher honours. The development program certainly has a focus to develop the team play and individual skills to ensure the outcomes for our rep teams and players has us ascend to be championship contenders. These aspirations however must be matched by the effort and commitment required to be successful on the field.

A focus for 2022-23 must be a set of targeted, quality activities to develop coaching capability to support our players.

Strategic Goals & Economy of effort

The BOM focus over the past three years has been on rebuilding and consolidating our facilities and adapting our hockey activities in the face of the events. This has been quite spectacular achieved however to now is the time to place a significant focus on HOCKEY

The THA board recently discussed and agreed for the need to have a greater focus on the delivery of HOCKEY options to our members including aims for

- 12 months operation
- Confirmation on different formats and competition periods
- Reduction in overlap of player engagement / burn out
- Improving the standard of team play and player skills, coaching and officiating to match

To better cater for the player base and inform the way we deliver our “HOCKEY PRODUCT” to members a review of these aspects is called for.

This is a challenge for the New THA Board to consider

- plan for our sports development and growth over the next three years
- understanding how we can make both evolutionary and revolutionary decision to deliver on the

The approach to move in this direction must encompass a full analysis of our membership, hockey activities and events with a view to identify the opportunity to change and better focus **what we do /when we do it / who is involved.**

This approach must involve, challenging traditional thinking, a good evidence base on which to make decisions, foresight, and energy and communication to deliver on such decisions.

Fundamentally at the operational level our competition, development and participation activities must be integrated and inclusive of the paid support team, ie. working in unison in the context of

- Clarity in the strategies, vision, and goals across THA
- Consulting on issues, exploring impacts and integrating actions / decision across the three groups

- Aligning activity and actions to achieve THA longer-term goals and vision for hockey
- Consistent interaction and input from the three operational arms of THA
- Ensure the support capacity is aligned – volunteers, staff, and leadership groups

In closing, I thank Nathan for the dedication and energy he has shown to the role and for his aspiration and commitment to take on the challenges I have identified in this report.

I congratulate the incoming board member on their appointments and look to them to continue to move Townsville Hockey forward in all aspects and this progress underpinning a successful development agenda.

Gary Kershaw

Discussion: Annette presented a précis of her report

Motion: "That the President's Report be received"
Moved: Annette Maidment Seconded: Josh West CARRIED

Financial Statements – Electronic copies sent to clubs prior to the meeting and hard copies were available at the meeting.

- Discussion:
- Fee income and player numbers stable despite Covid-19 disruption
 - All registration fees have been collected and disbursements made to clubs for club fees
 - Rep income down on last year due to no State Championships
 - Depreciation Expense significantly increased due to the new assets and full year of depreciation
 - Wages increased due to RCD wages now being recorded under 'Wages', not 'Coaching Expenses', and a full year of employment
 - Interest expense down due to all loans have been paid out
 - Council rates have increased significantly, mainly due to water usage cost
 - Insurance expense down due to renegotiated policy

Motion: "That the audited Financial Statements be received"
Moved: Kylie Dixon Seconded: Bill Weston CARRIED

Participation Report - as per 2020 Annual Report

Discussion: Josh presented a brief précis of his report

Motion: "That the Participation Report be received"
