

Grab a drink & refresh or build on your sailing skills with a different topic each month presented by guest speakers...

“There is nothing - absolutely nothing - half so much worth doing as simply messing about in boats.”

Come and see the pictures and listen to long term yacht and dinghy sailor John Byrne talk about racing and cruising.
Briefly about yacht racing – the how and why...
and then about the cruising – cruising South Pacific island villages around PNG with the YWAM PNG medical ship
and how you can easily do the same.

This workshop is bound to be entertaining and informative...
Do not miss it!
