ICT30120 Certificate III in Information Technology

This qualification reflects the role of individuals who are competent in a range of Information and Communications Technology (ICT) roles, including animation, basic cloud computing, basic cyber awareness, digital media skills, generalist IT support services, networking, programming, systems and web development.

Entry Requirements: There are no entry requirements for this VET course; however, students must create and provide a USI.

Duration: Two years

Delivery Location: St Andrew's Catholic College

Fee information: No Fee

Course requirements: Students must have access to a laptop and the internet (both at school and at home).

Topics of study within this course:

- Web Design
- 3D Modelling and Animation
- Programming
- Teamwork and Collaboration
- ICT Ethics and Privacy

Packaging Rules: To be awarded this qualification twelve (12) units of competency must be achieved (six core and six elective units).

Students who achieve at least one unit of competency (but not the full qualification) will receive a Statement of Attainment.

Core Units	
BSBCRT301	Develop and extend critical and creative thinking skills
BSBXCS303	Securely manage personally identifiable information and workplace information
BSBXTW301	Work in a team
ICTICT313	Identify IP, ethics and privacy policies in ICT environments
ICTPRG302	Apply introductory programming techniques
ICTSAS305	Provide ICT advice to clients

Elective Units	
ICTWEB304	Build simple web pages
ICTWEB305	Produce digital images for the web
ICTWEB431	Create and style simple markup language documents
ICTGAM304	Develop three-dimensional (3D) models for digital games
ICTGAM305	Apply simple textures and shading to three-dimensional (3D) models for digital games
CUAANM302	Create 3D digital animations

Modes of Delivery: This course is offered through face-to face and online delivery.

RTO Obligation: The RTO guarantees that the student will be provided with every opportunity to complete the qualification. We do not guarantee employment upon completion of this qualification.

Support Services: Assessment tools can be adjusted to meet the learning needs of individual students. Please see VET Coordinator to discuss if applicable.

Modes of Assessment: Throughout this course students undertake a range of practical projects to provide evidence of their skills and knowledge within each of the units of this course. Assessment in this course is competency-based and consists of practical tasks and online assessment. Students are assessed as either competent or not yet competent.

Pathways: Students completing this course can look for employment in a range of IT environments including web design, 3D, animation and basic programming. This course can also be used as a stepping-stone to further qualifications in the IT industry or as an alternative entry method for tertiary studies.

QCE Credits: Successful completion of the Certificate III in Information, Digital Media and Technology contributes a maximum of eight (8) credit points towards a student's Queensland Certificate of Education.

ATAR Contribution: Successful completion of this qualification can contribute to a student's ATAR score
