Offices

Created with contemporary teams in mind, 1 Sussex St brings flexibility to one of the world's most sustainable commercial buildings.

Its striking timber construction and award-winning architecture set an inspiring scene, while four levels of workspace provide light-filled lounges, private offices, and energetic meeting rooms with sweeping city and harbor views. When it's time to pause, members can retreat to a wellness room for quiet focus or unwind over a game at the tucked-away pool table.

With onsite car parking and secure bike storage simplifying the commute, your workday can flow smoothly from the first coffee to the last meeting.
