REDBANK MOTORWAY ESTATE
Redbank, QLD

We don't believe in good. Or good enough.

We don't believe in the short-term or taking short-cuts.

We don't believe in putting business before people.
Or anything before quality. We believe in great.
Although we don't believe we're quite there yet.

We believe in the importance of location and sustained growth and doing it right the first time. We believe in having integrity, always. We believe that knowledge is everything and perfection is in the details. That it is the little things that add up to make the biggest difference. That's why there's a plus in our logo.

It's a reminder to keep going above and beyond for our customers, our partners and our staff. To be the best, we believe, relies on every single one of us working together.

To this end, we believe we can be better than good.

We believe we can be great.

Areas of focus

+ The Goodman Foundation is committed to making a sustained and tangible difference. We partner with organisations that support people with the knowledge, tools and resources they need to navigate and overcome adversity. Together we're cultivating resilient and vibrant communities through four key areas of focus:

FOCUS 01 

Meeting essential needs

+ We provide support for community organisations who are enabling food and housing security, including the supply of household goods and clothing to those in need.

FOCUS 02 

Promoting social and mental wellbeing

+ We focus on initiatives that improve psychosocial wellbeing and create space for people to flourish. Our support includes providing mental health services, social support systems, safe spaces, and activities that draw local communities together. Importantly we prioritise the prevention of violence against women and mental health challenges for young people.

FOCUS 03 

Enabling education and employment

+ We work with organisations that offer education and employment pathways that lead to self-sufficiency and resilience. Finishing high school is the first step to becoming more employable. It can also lead to further training in a career where a person can develop and grow.

FOCUS 04 

Providing disaster relief

+ We support communities to prepare for disasters and then to respond and initiate recovery as soon as they happen. We work with partners equipped to deliver immediate response and sustained disaster and humanitarian relief.
