

Flexible options to support your practice

With options to provide clinical and admin space only through to fully managed telehealth.

Our team can:

- Confirm patient identity.
- Prepare documentation and referral.
- Record patient vitals and support the exam.
- Set up and support the video call.
- Document notes and follow up orders.

So you can focus on the patient:

- Review the patient data sent to you.
- Connect remotely and conduct the consultation via secure video.
- Enter clinical notes directly into the patient record.

Our team can then:

- Patient follow-up is arranged via secure messaging.
- Payment is processed by the Ungooroo team.
