

Masterplan

THOMPSONS ROAD

The areas are calculated in accordance with Method of Measurement from the Property Council of Australia publication. The warehouse Gross Floor Area (GFA) is measured to the external finished face of perimeter walls, and to the centreline of the inter-tenancy walls. (Amenities and tea areas have been included in the GFA). NLA - Net Lettable Areas are measured to the internal finished face of perimeter walls, and to the centreline of inter-tenancy walls. GLAR - Gross Lettable Area Retail areas are measured to the external surface of perimeter walls and to the centreline of inter-tenancy walls. (Amenities areas have been included in the GLAR and NLA). All areas indicated are indicative for design and planning purposes only and should not be used for any contractual reasons without verification by a licensed surveyor or further design development being completed.
