CROWDS FLOCK TO THE SHOW!

Scores of showgoers lined up to enter the showgrounds today to enjoy the iconic IGA Perth Royal Show on the second last day of the 8-day event.

With the sun beaming throughout the day, crowds have enjoyed everything the Royal Show sets out to provide for each and every patron; 12 hours of free entertainment around the ground and farming and food exhibits that provide children with free activities at Farm 2 Food, Discover Dirt and Petstock Animal Nursery to name just a few.

Visitors to the showground have enjoyed a week of everything that encompasses Farming, Agriculture and Education... all from our WA Farmers. The See, Watch, Do and Touch of all things country are here at your doorstep...sheep shearing, alpacas, showjumping horses and woodchopping.

Staged since 1834, the IGA Perth Royal Show has committed 12 hours of free family entertainment every day as part of the entry price, with over \$11M spent in bringing the show to WA residents.

This year, The Perth Royal Agricultural Society offered showgoers the opportunity to enjoy the show with an After 5pm ticket, cutting the ticket price for adults and children to ensure families could enjoy the show, grab dinner and watch the amazing fireworks.

Entertainment for families and all patrons is at an all-time high for the IGA Perth Royal Show this year, with the awesome Dock Dogs show, death defying Sam Powers Jaws of Death, five new show rides including The Claw and No Limits, the amazing Australian first 'Dance of the Drones' light show and the jaw dropping nightly fireworks show.
