CREG:

We have done two clean-ups in the past week. We cleaned in Puckey's Estate, focussing along the creek shore. We collected a lot, there is much more to get when the water level is lower. On Saturday we did our usual 1st of the month clean-up at Corrimal Beach. The normal small pieces of plastic are found in abundance on the sand, and we regularly retrieve large items from the surrounding bush and creek shores. We had some help from Rotaractors both days, and two new helpers on Saturday... Thanks Jess and Anna.

Gerri Wood also helped with the Clean-up Australia rubbish collection at Wollongong Harbour, she has recruited a couple of new helpers, well done Gerri.

Last week Dennis, Cliff and Peter S built a concrete foundation for a garden shed at the University of Wollongong student community garden.
