SERVE TO CHANGE LIVES

Transition Month

Tonight:
Zeynep Roberts
Water System Development – Wollongong Uni
6.30 pm - Zoom Meeting

Last Week:

Our guest speaker last week was Jessica Faustini who spoke about the Lake Illawarra Coastal Management Program that is the strategic direction for the ecological sustainability of the lake. She noted that the lake's ecological structure has changed since the lake was the permanent opening was made in 2007. The plan is now at the implementation stage and it was pleasing to see that waste and litter management is one the key strategies and ties in well with our CREG activities at the lake.

Ruth's Ramblings:

Tough – That's Enough

'We're doing it tough' - We hear it enough
From polies, bureaucrats, broadcasters too
We know that *'it's difficult'* (a phrase that is fine)
You can even replace it with *'a difficult time.'*
But the phrase we've heard for the last 18 months
These times are described with the term that -
'It's tough!'

This pandemic affecting the world
Requires description that is not absurd!
'Serious, tragic, critical' they could use
But **'tough'** is the word these pundits all choose.

And Daniel Andrew tells them to – **'ISO'**
Victorians, I'm sure, would wish it were - not so
And the one that's rising like all the taxes
Is about some people called **'anti-vaxxers!'**

When this all started, we were asked to be kind
Goodwill, humour and love to find
Let's assume, very soon the pundits will say
We've beaten this Covid – we vaxxed it away!

Ruth

PLUS EXTRA MONTH FREE

HURRY! LIMITED TIME

BUY SINGLE CITY MEMBERSHIP \$69.99

GET UPGRADED TO MULTI CITY \$119.99

SAVE \$50

Give back & get more for longer!

Get a **FREE** upgrade when you buy a Single City. **Plus**, an extra month free.

That's 13 months to enjoy your Membership

Kay

Healthy Children, Bright Futures:

Australian Rotary Health is undertaking a new initiative to improve the mental health of our youngest Australians, recently announcing that their research funding will now focus on the 0-12 age group.

The new research area will be introduced at a symposium titled, 'Healthy Children, Bright Futures: Improving the Mental Health of 0-12 Year Olds'. The symposium will take place in Sydney in late March 2022. To hear more – [check out here](#)
