President's Note:

What another great week, it was incredibly insightful hearing Andrew Johnston talk about his experience with PTSD and coping mechanisms.

This weeks birthdays are Craig on the 19th and we also had Sally and Craig's wedding anniversary on the 18th. Congratulations Sally and Craig.

This year instead of the president being locked up with the PCYC they are doing a star jump challenge. We will be participating in the challenge this week. We are hoping for everyone who joins the meeting to bring \$6 and we are planning on doing (combined) 62 jumps for 62 years. I expect those members in Junee this week to also join in.

This week we are having a video from Ian Riseley Rotary International Past President. Join along for the movie night.

Two big clean-ups last week – Primbee still produced a fair amount of rubbish and at the regular Corrimal Beach clean-up on Saturday, two bush camps sites were found and team did a huge job in getting the rubbish out.
