President's Note:

It was great to be back in action last week, and see so many people back in meetings. We had Jay talk at our first meeting back and run through some interesting information about flags which we had made a fun game of.

This week we have Dilys doing her new member talk.

The birthdays this week we had Ruth on the 18th. How does it feel to be 18 years old on the 18th Ruth?

President Emma

CREG:

We have started our clean-up activities for 2021. We did our first clean-up last Thursday around Lake Illawarra at Berkley. On Saturday we cleaned up at Bellambi Lagoon and Corrimal Beach. We had good attendance, including some generous members of the community, thanks everyone for your help. We will do a clean-up at Puckey's Estate this Thursday, and our next 1st Saturday of the month clean-up will be at Corrimal Beach on 6th February.
