

COLLECT THE COINS

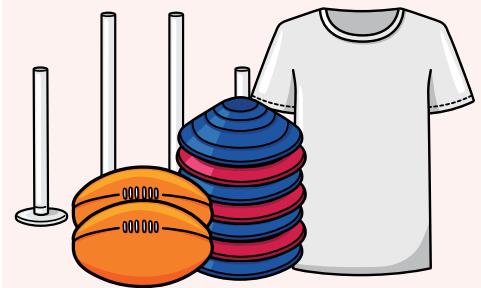

HOW TO PLAY

- 1 On "Go", the first member of each team kicks the football from their own coloured cone towards goal. If they score a goal, they run and collect one of their team's coloured cones (their coins). If they don't score a goal, they don't collect a coin.
- 2 Once the Auskicker has their football back, they run around the outside of the playing area and back to their cone. If they have a coin, they put it down by their cone. Wait until all four Auskickers are safely clear before the next four Auskickers have their shot for goal.
- 3 The team to kick all their goals and collect all their coins first, wins!

EQUIPMENT

2 footballs and 1 adult per team. 1 set of goal posts and a stack of coloured cones.

SET-UP

Set up the goals on the edge of the playing area across from four different coloured cones. Each team lines up behind their own coloured cone. Randomly put cones in-between the teams and the goal posts. Make sure it's the same amount for each team.

CHANGE IT UP

- Race to see which team can collect the most coins (of any colour).
- Use different kinds of balls or have Auskickers add a bounce before they kick for goal.
