

COVID 19: Economic Updates

Dear AHA NSW member,

The impacts of COVID 19 are far-reaching, including business, economic activity and financial markets globally. In this rapidly changing environment, we want to ensure that our business customers are kept up-to-date with the latest information, tools and opportunities available.

To this end, we have organised for St.George Bank Chief Economist Besa Deda to host a series of short weekly teleconferences to cover the latest in economic data, market movements, government policy and industry responses.

We aim to cover a lot of ground in a short period of time, with 15-20 minutes dedicated to the weekly wrap up and 10-15 minutes for Q&A.

If you are interested in joining the call, please register your interest and we will send you the call details. If you have any particular topics you'd like covered or specific questions, please feel free to add them to the email.

The calls will be held:

- 10:00 am Tuesdays
- Next call: 10:00 am Tuesday, 7 April 2020.

Register your interest: Please register your interest at stgevents@stgeorge.com.au

Initially we will have a limit of 150 lines available, which will be given to the first 150 people to register interest. We are working on scaling up capacity to ensure more customers are able to join if they are interested.

We hope you find these calls useful. In the meantime, should you have any immediate requirements or questions, please contact me at any time.

Barry Van-de-Water
