Standard Constant Mesh Kit

\$2,295

Heavy-Duty Constant Mesh Truck/Semi Tipping Kit designed for reliable hydraulic tipping applications on rigid tippers and semi-tippers. The constant mesh PTO provides a robust and dependable drive for frequent tipping operations, making it well suited to construction, quarrying, bulk haulage, and agricultural applications where durability and continuous performance are essential. This kit is a proven solution for vehicles requiring a heavy-duty PTO for standard tipping operations.

PTOK1T-22

Hot Shift Kit

\$3,395

PTO kit is a Hot Shift Truck/Semi Tipping Kit designed for hydraulic tipping applications on side tippers, end tippers, and water carts. It's hot-shift PTO allows engagement while the vehicle is moving (where the transmission/PTO configuration permits), improving productivity by reducing cycle times and eliminating the need to stop before engaging the PTO. This makes it a popular choice for demanding transport, mining, quarry, and agricultural operations.

PTOK1T-33

Power Divider Refresh Kit

\$2,495

Suits Dana Spicer D170 / D190

Designed to meet the needs of those fleets that wish to refresh the Power Divider during the life of the driveline
