

CERFACE

CERAMIC SURFACE PROTECTION

CERAMIC SURFACE PROTECTION

CERFACE EXTERIOR – IS A CERAMIC TREATMENT AUGMENTED WITH GRAPHENE, THAT INTERLOCKS WITH YOUR VEHICLE'S SURFACE, CREATING AN EXTRA TOUGH LAYER WHICH DELIVERS EXTREME DURABILITY AND A LONG-LASTING, SUPER GLOSS FINISH. THIS EXTRA TOUGH SURFACE WILL SHINE ON WASH AFTER WASH.

ADVANCED TECHNOLOGY

The advanced, tested and proven protective coating prevents permanent staining on your vehicle from hard water marks, weather induced discolouration, fading, oxidization, loss of gloss and damage caused by tree sap, bug splatter, bird & bat droppings and clear coat delamination to the treated paintwork of the vehicle for the warranty period.

PERFORMANCE THAT LASTS A LIFETIME

Australia's first multi-step Ceramic Surface coating providing your vehicle with a Stronger, Smoother, Shinnier, and more Noticeable finish, designed to stand the test of time with a life time warranty*

ENHANCED PROTECTION

CERFACE exterior, formulated with Graphene (one of the lightest and strongest materials known to human kind); interlocks with your vehicles paintwork in a 2 Dimensional lattice honecomb nano-structure resulting in greater resistance to the harsh Australian enviroment.

**STRONGER, SMOOTHER,
SHINIER & INSTANTLY
NOTICEABLE!**

ENHANCED SURFACE

CERFACE Exterior is a high performance coating which resists against everyday environmental contaminants, including:

- BIRD & BAT DROPPINGS**
- ENVIRONMENTAL FALLOUT**
- TREE SAP**
- BERRY & FRUIT STAINS**
- INSECT ETCHING**
- COLOUR FADING**
- LOSS OF GLOSS**
- WATER MARKS**
- OXIDISATION**
- SUNSCREEN**
- CLEAR COAT DELAMINATION***

CERFACE allows the exterior of your new vehicle to continue to shine year after year, is noticeably smoother to the touch and optically brighter. Protected by a national lifetime warranty*

*Warranty terms and conditions apply.

BEYOND: INTERIOR PROTECTION

IS THE PROTECTION BEYOND THE CERFACE THAT LASTS A LIFETIME, WORKING TO KEEP YOUR NEW VEHICLE FRESH, EASY TO CLEAN AND MESS RESISTANT.

UV & STAIN RESISTANT TECHNOLOGY

Whether your new vehicle cabin features leather, vinyl, fabric or carpet, BEYOND's Interior Surface Coating repels spills which can cause permanent staining and adds an extra layer of protection against UV damage caused by the harsh Australian sun.

EASY-CLEAN EVERLASTING QUALITY

As the world's most advanced automotive protection for vehicle's, BEYOND Interior Coating comes with a national lifetime warranty* for complete confidence in knowing that it works.

SUPER REPELLANT TO LIQUIDS, SPILLS AND STAINS

With BEYOND interior coating you need not worry about making a mess. The interior surfaces once treated is low maintenance and needs only a vacuum for soft fibres, and a damp soft cloth wiped over leather, vinyl or plastic surfaces to remove dust.

PREMIUM SOFT-TOUCH TECHNOLOGY

BEYOND interior protection links with the interior surface textures to maximises stain resistance, durability and enhances the look of your new cabin's interior – keeping the new interior finishes soft and supple for a lifetime.

GOT KIDS?

BEYOND Interior Coating staves off food and drink spills, so you can spend less time cleaning and more time enjoying the ones you love.

**PROTECTION
BEYOND
THE SURFACE**

INTELLIGENCE BEYOND THE CERFACE

BEYOND creates a smart surface preventing permanent staining from:

- SUNSCREEN**
- UV FADING**
- LIPSTICK OR MAKE-UP**
- COMMONLY CONSUMED FOOD AND LIQUIDS**
- MESS FROM PETS AND OUTDOOR ACTIVITIES**
- MOULD AND MILDEW GROWTH**
- DISCOLOURATION**
- DEHYDRATION**

Once the treatment is applied to interior of the vehicle, it is covered by a transferrable national lifetime warranty*

*Warranty terms and conditions apply.

The graphic features a dark, 3D hexagonal block with the word "CERFACE" in white. This block is positioned within a larger, glowing blue hexagonal frame that has a jagged, lightning-like border. The background is a dark blue field filled with a grid of glowing blue hexagons, some of which are also outlined with jagged, lightning-like patterns.

CERFACE

The logo consists of a stylized red swoosh that curves from the left, under the text, and then loops back up and to the right, ending in a sharp point.
