

Scripture Union NSW lunchtime groups

Scripture Union NSW lunchtime groups usually meet on a weekly basis, during lunchtime, on school premises.

Scripture Union staff and volunteers work with the principal in ensuring groups are compliant with all relevant DoE policies.

SUPA Clubs

Generally for grades 5-6, SUPA Clubs are a chance for students to learn more about Christianity through engaging, enjoyable and age-appropriate activities such as games, craft, music and Bible study or talks.

ISCF Groups

ISCF Groups provide an opportunity for Christian students to grow in their faith, and for any other students to explore their own questions about Christianity.

Since our first ISCF Group in 1935, Scripture Union has had a unique place in the landscape of NSW state schools.

As a movement, we are committed to providing young people with the opportunity to hear and discuss the Good News of the Bible in their school environment through approved voluntary student activities.

COMMUNITY VOICES

Scripture Union NSW lunchtime groups are valued by your community!

START A GROUP IN YOUR SCHOOL

“SUPA Club is a great program for children who wish to explore and celebrate their Christian beliefs with peers of similar beliefs and faith. The club helps instil a sense of belonging and care with the child which further develops their wellbeing and relationships with others.”

Primary School Principal | Department of Education

TESTIMONIALS

“I have been involved in SUPA Club for around six years as a parent helper. I have seen many children come into SUPA Club and make friends, bond with the leaders and leave feeling happy about their future, knowing they are loved and cared for by Jesus.”

Parent

“Our SUPA Club provides an opportunity for students to explore Christianity, to ask questions, to wonder and explore it for themselves. They arrive and leave with big smiles on their faces and look forward to spending their lunchtimes at SUPA Club.”

Teacher | Department of Education

“I have seen first-hand how ISCF can grow and nurture student leadership, and how the skills and experience student leaders gain in these groups under nurturing adult support can help set them up for life. In my 15 years as a Principal, I saw ISCF as a great encouragement to students as they explored the Christian faith.”

(Retired) Secondary School Principal | Department of Education

“I have a daughter who attends SUPA Club at her primary school and another daughter who attends ISCF at her high school. They both love these groups and are very keen to attend each week. I think they value the opportunity to have fun with their peers and to keep thinking about spiritual issues in a safe environment. They also value the adult group leaders, who provide additional nurturing support and input in their lives. As a parent, I'm really glad these groups exist for my children's benefit.”
