About Powershop

We sell energy to homes and businesses in Victoria, NSW, South East QLD and South Australia. We work hard to provide better prices, a fairer deal for all our customers, and a better future for the planet.

About this offer

This offer will give you exclusive access to the Shop, where you can buy Powerpacks to save more on your bills. You also get access to the Powershop app to manage your bills and energy usage.

Tariff Information

This Flexible tariff consists of a Daily Supply Charge, and then a different per kWh energy rate for Peak, Off Peak, Shoulder and Super Off Peak* times. *The Super Off Peak energy rates and times are not displayed on the Victorian Energy Fact Sheet but are detailed on this page which is to be read in conjunction with the Victorian Energy Fact Sheet. The energy rates for the Super Off Peak times supersede the same times covered on the Victorian Energy Fact Sheet.
