About this offer

This offer will give you exclusive access to the Shop, where you can buy Powerpacks to save more on your bills. You also get access to the Powershop app to manage your bills and energy usage.

Tariff Information

This Time of Use tariff consists of a Daily Supply Charge, and then a different per kWh energy rate for Peak, Off Peak, Shoulder and Super Off Peak* times.

The energy rate for the Super Off Peak times is cheaper than the normal Off Peak rate and provides a perfect opportunity to charge your Electric Vehicle.

*Super Off Peak is displayed as 'Shoulder-2' on the Basic Plan Information Documents.
