

Final Lodgement of Thesis or Portfolio - RHD

Personal Details		
Family Name:	KOIRALA	
First Name:	ANAND	
Student ID:	S0223117	ORCID: 0000-0001-7376-2143 Please link your Research Elements profile to your ORCID.
Contact details:	Phone no: 0411096239	Email: anand.koirala@cquemail.com
Thesis Information		
Title of Thesis	Precision Agriculture: Exploration of machine learning approaches for assessing mango crop quantity	
Course Code	CD62 - Doctor of Philosophy (Sciences, Engineering and Health)	
Title of Degree Awarded	Doctor of Philosophy	
Year of Completion	2020	
Supervisor Information		
Supervisor (s)	Prof. Kerry B. Walsh, Prof. William Guo, Dr Cheryl McCarthy, Dr Zhenglin Wang	
Management of Research Data		
Electronic Dataset: A copy of the original dataset/s underlying this thesis must be stored/archived on CQUniversity's dedicated research data storage service. To access this storage service a Research Data Management Plan (RDMP) must be 'Saved and Submitted'. Please provide the relevant file path and/or Research Elements ID (ID available as per following section requirements):		
http://hdl.cqu.edu.au/10018/1261224 and \\researchdata.cqu.edu.au\sensors-in-ag		
Physical/Primary Dataset: Please provide details of the CQUniversity campus location for physical/primary datasets (eg. specimens: laboratory note books)		
All datasets are electronic.		
Research datasets will be retained for in accordance with the Australian Code for the Responsible Conduct of Research and the retention and disposal criteria outlined in CQUniversity's Research Data Management Policy and Procedure.		

Research Data Access

The Data Retention, Reuse and Disposal section of the Research Data Management Plan must be completed.

If the underlying/associated research dataset/s meets the access requirements for the first three(3) options listed below, then the dataset/s needs to be submitted via Research Elements using the publication type - dataset.

Please indicate level of access required for underlying/associated dataset:

Open Access – CC BY (Attribution required) will be applied unless advised otherwise – dataset will be made available via CQUniversity’s Institutional Repository, ACQUIRE

Mediated Access – Author, title and relevant details of dataset will be made available via CQUniversity’s Institutional Repository, ACQUIRE. A note will be added to contact Author for sharing (Author is responsible for Creative Commons licence to be applied to dataset)

No access – only Author, title and relevant details of dataset will be made available via CQUniversity’s Institutional Repository, ACQUIRE

No access – no public listing, no details will appear in CQUniversity’s Institutional Repository, ACQUIRE

Please indicate that finalised dataset/s has been submitted to Research Elements (requirement for above top three options):

Dataset/s have been submitted to Research Elements

Copyright Statement

I hereby grant to Central Queensland University or its agents the right to archive and to make available my thesis or dissertation in whole or in part through CQUniversity’s Institutional Repository, ACQUIRE, in all forms of media, now or hereafter known. I retain all copyright, including the right to use future works (such as article or books), all or part of this thesis or dissertation.

I confirm that all formats of my thesis and associated datasets do not infringe the copyright of any person, persons or organisation. The digital version of my thesis does not include any material belonging to another party without their explicit permission.

I agree

I have removed any copyright materials for which permission has not been obtained.

I agree

I have attached documentary evidence of copyright permission (if required).

I agree

Access to Thesis

I acknowledge that following successful examination, a final electronic copy of the thesis or portfolio described above, shall be submitted via Research Elements to be permanently deposited in via CQUniversity's institutional repository, ACQUIRE, and made available in accordance with the University's regulations governing the submission and examination of research higher degree theses or portfolios. All components of the thesis will adhere to the lodgement requirements outlined in the *Submission, Presentation and Lodgement of Research Theses and Portfolios Procedures*. (Submit thesis to Research Elements using publication type – thesis/dissertation and attach both thesis and this lodgement form).

I give permission for the digital version of my thesis to be made available on the web, via CQUniversity's institutional repository, ACQUIRE, for the purpose of research or private study, unless permission has been granted by the University to restrict access for a period of time

I request that access to the thesis or parts thereof, be restricted for a specified period and release of the thesis during that period for the purpose of research or private study be contingent upon the approval of the Chair, Research Higher Degree Committee (or nominee). I understand, in those cases where I am not reasonably available, such approval may be granted without my having been consulted. (if electing this option please complete the Request to Restrict Access to RHD Thesis or Portfolio section of this form)

Request to Restrict Access to RHD Thesis or Portfolio

Please complete this area if you wish to apply to restrict public access to your thesis.

Length of Embargo sought:

.....months.

Note: the maximum period is twelve (12) months. (Any extension beyond that period shall be at the discretion of the Research Higher Degree Committee). Embargos will be lifted automatically on their expiry date unless a successful extension application is made at least two months prior to the expiry date. If an extension to an embargo is required, the student should contact rhd-admin@cqu.edu.au.

Is it intended to restrict access to the whole thesis or portfolio Yes No

Where the restriction is intended to apply to parts of the thesis, please nominate the relevant section. (If practicable, such sections should form a separate confidential appendix).

A brief statement **MUST** be provided outlining the reason/s for seeking to restrict access to the thesis or portfolio or parts thereof (sufficient details should be provided in order that a decision may be made in the author's absence).

Select the level of access to your document:

Restrict access to author, thesis title and/or non relevant section (during embargo)

Restrict access to all thesis details (author, title and thesis during embargo)

All theses whether open or embargoed need to be submitted for review via Research Elements.

Please indicate that thesis has been submitted for review in Research Elements

Thesis has been submitted to Research Elements

Author signature

Print Name:

(Surname, Title, First Initial)

Signature:**Date:**

(DD/MM/YYYY)

Approval to restrict access to research higher degree thesis or portfolio

Permission is hereby granted to restrict access to the thesis or portfolio or parts thereof, as detailed above for a period of months.

Print Name:

(Surname, Title, First Initial)

Signature:

(Dean of Graduate Studies)

Date:

(DD/MM/YYYY)

This completed form should be submitted to Research Elements along with the final electronic copy of your thesis for lodgement in CQUniversity's Institutional Repository, ACQUIRE.

Check list:

- Research Elements & ORCID profiles have been linked
- Thesis details submitted to Research Elements
- Thesis and Final Lodgement form attached to Thesis submission in Research Elements
- Research Dataset/s submitted to Research Elements (Dataset is a separate publication type to Thesis)

Please contact rhd-admin@cqu.edu.au if you require any additional information prior to this final lodgement.
