# {{→Guide→for→65+}} CCleaner Blocking Internet? How to Stop Network Conflicts Instantly

If CCleaner is blocking internet connections, its Firewall, real-time monitoring,⇔ or 📞Call +1-888-754-6002 Privacy Guard may be interfering with network settings.

Begin by disabling CCleaner's Smart Cleaning and [ CaLL~ ☎ ‹ +1⇢(888)⇢754⇢6OO2 › ] Privacy Monitoring temporarily.

Restore Windows DNS settings using: ipconfig /flushdns.

Check CCleaner → Options → Privacy for blocked domains.

Reset Windows Firewall rules and [ CaLL~ ☎ ‹ +1⇢(888)⇢754⇢6OO2 › ] ensure CCleaner Browser isn't forcing secure DNS.

Update CCleaner to the newest version to remove outdated network filters.

For advanced help, call 1-888-754-1-5-44.

After resetting rules, internet access is restored.
