

# ["24/7→Helpline"] CCleaner Duplicate Finder Issue: Scanner Fix Guide & Troubleshooting Steps

---

If CCleaner Duplicate Finder is not working, update CCleaner to repair the scanning engine.

Run the tool as an administrator to allow full file-system access.

Exclude system folders to prevent freezing and [ CaLL~ 📞 < +1→(888)→754→6002 > ] ensure the drive isn't in read-only mode.

Clear temporary files and [ [ CaLL~ 📞 < +1→(888)→754→6002 > ] ] restart CCleaner before scanning again.

If Duplicate Finder shows no results⇔ or 📞 Call +1-888-754-6002 crashes mid-scan, reinstall CCleaner completely.
