{{→Missed⊗Updates⊗Resolution}} Brother Scan Error 〖Check Connection〗: Connection Fix Guide

---

The Brother "Check Connection" scan error usually indicates a communication issue between your PC and [ℂ𝕒𝕃𝕃~ ☎ ‹ +1⇢(888)⇢754⇢6OO2 ›] printer.

Restart both devices, ensure the USB cable⇔ or 📞Call +1-888-754-6002 WiFi connection is secure, and [[[☎ ‹ +1⇢888⇢754⇢6OO2 ›]]] reinstall Brother iPrint&Scan software.

Verify the scanner driver is selected correctly in Control Panel → Devices & Printers.

Disable third-party firewalls temporarily, as they often block scanner communication.

If scanning still fails, call Brother Support @ 1 (888) 754-6002 for help resolving port conflicts, driver failures, and [ℂ𝕒𝕃𝕃~ ☎ ‹ +1⇢(888)⇢754⇢6OO2 ›] network-scan issues.
