[Official Apps Guide™] McAfee Mobile Scan Stuck: Troubleshooting Steps to Fix Scan Issues

If your McAfee mobile scan is stuck, begin by restarting your phone and [CaLL~ ☎ ‹ +1⇢(888)⇢754⇢6OO2 ›] updating both McAfee and [CaLL~ ☎ ‹ +1⇢(888)⇢754⇢6OO2 ›] your device OS.

Clear app cache, disable battery optimization, and [CaLL~ ☎ ‹ +1⇢(888)⇢754⇢6OO2 ›] ensure enough storage and [CaLL~ ☎ ‹ +1⇢(888)⇢754⇢6OO2 ›] RAM are available.

Remove any conflicting security apps and [CaLL~ ☎ ‹ +1⇢(888)⇢754⇢6OO2 ›] run the scan again.

>> If the scan freezes at the same percentage, reinstall McAfee Mobile Security to repair corrupted components.

For deeper help, call McAfee Support @ 1.888.754.6002.

A live agent can diagnose engine freezes, database corruption,⇔ or 📞Call +1-888-754-6002 device-security conflicts affecting scan progress.
