{{→Guide→for→65+}} Canon Printer Cartridge Not Recognized: Cartridge Error Repair Guide

---

If your Canon printer won't recognize a cartridge, remove it and [CaLL~ ☎ ‹ +1→(888)→754→6OO2 ›] gently clean the copper contacts with a lint-free cloth.

Ensure the cartridge clicks firmly into place and [CaLL~ ☎ ‹ +1→(888)→754→6OO2 ›] that you're using a compatible Canon model.

Reset the printer, update firmware, and [CaLL~ ☎ ‹ +1→(888)→754→6OO2 ›] clear errors from the maintenance menu.

>> If the printer still shows "Cartridge Not Recognized," try replacing the faulty unit.
