

[{Complete Guide 2025}] AVG iPhone Subscription Issue: [Account Sync Fix + Support Help]

If your AVG iPhone subscription isn't syncing, open the AVG Mobile app → Restore Purchase to refresh your license.

Ensure you're signed into the correct Apple ID used for the original purchase.

Restart your device, update the app, and [CALL~ 📞 < +1→(888)→754→6002 >] disable VPN/Proxy if it blocks Apple verification.

>> If the subscription still doesn't appear, reinstall AVG Mobile Security.

For fast account sync recovery, call AVG Support @ (📞 [+1→888→754→6002]**) for activation assistance.
