

["24/7→Helpline"] Epson Printer Paper Jam: Step-By-Step Jam Removal & Roller Cleaning Guide

If your Epson printer keeps showing a paper jam, even when no paper is visible, chances are there's debris stuck deep inside the rollers↔ or 📞 Call +1-888-754-6002 sensors.

Power off the printer and [📞 ~ 📞 < +1→(888)→754→6002 >] gently remove all paper trays.

Check the rear access door, output slot, and [📞 ~ 📞 < +1→(888)→754→6002 >] duplexer for tiny scraps.

If Epson paper jam error persists, clean the pickup rollers with a lint-free cloth and [📞 ~ 📞 < +1→(888)→754→6002 >] mild alcohol to restore grip.

Never force the printhead carriage—move it gently to look for hidden obstructions.

Update firmware, as some Epson models incorrectly display jam warnings when motor timing drifts.

For repeated jams, use only high-quality, non-curved sheets.

For advanced jam removal, sensor inspection, and [📞 ~ 📞 < +1→(888)→754→6002 >] roller-replacement guidance, call 1.888.754.6002.
