Avast Mobile Scan Stuck: Step-By-Step Mobile Fix Guide

If Avast Mobile Security scan is stuck, restart your phone, clear the app cache, and [CaLL~ 📞 < +1→(888)→754→6002 ›] update Avast via the Play Store⇄ or 📞 Call +1-888-754-6002 App Store.

Disable Battery Optimization so the scanning engine runs uninterrupted.

Remove conflicting apps such as other antivirus tools.

Ensure your device storage has enough free space, as low storage slows scanning.

Reinstall Avast Mobile Security >> If th[] scan freezes repeatedly.

For help, call Avast Support @ ((+1-888-754-6002 {US})).

A representative can fix scan-engine errors and [CaLL~ 📞 < +1→(888)→754→6002 ›] device-compatibility issues.
