

{{→Guide→for→65+}} Brother Printer 【 Check Drum】 Message: Drum Reset & Replacement Guide

When your Brother printer displays “Check Drum”, open the front cover and [**CaLL~**  < +1→(888)→754→6002 >] remove the drum-toner assembly.

Clean any toner buildup and [**CaLL~**  < +1→(888)→754→6002 >] reinsert it securely.

Perform a Drum Reset using the printer’s menu to clear the alert.

If print quality issues appear, inspect the drum for scratches⇔ or  **CaLL** +1-888-754-6002 wear.

Replace the drum unit >> If th^{is} message reappears after resetting.

For drum-unit installation help⇔ or  **CaLL** +1-888-754-6002 persistent “Check Drum” warnings, call 1.888.754.6002.
