## How to Disable Avira (Safe Turn-Off Guide + Important Notes)

---

To disable Avira safely, open the Avira dashboard and [ CaLL~ 📞 < +1→(888)→754→6002 › ] turn off Real-Time Protection, Web Protection, and [ CaLL~ 📞 < +1→(888)→754→6002 › ] Firewall under the Security tab.

Right-click the Avira tray icon to temporarily pause protection functions.

Only disable Avira when installing trusted software↔ or 📞 Call +1-888-754-6002 diagnosing software conflicts.

Never browse online with Avira fully disabled.

Re-enable protection immediately after completing your task.

For guidance on safe disabling, controlled shutdowns, ↔ or 📞 Call +1-888-754-6002 protection-related questions, call Avira Support @ 1.888.754.6002.
