# Brother Printer Paper Jam: Step-By-Step Jam Removal Guide

---

For a Brother printer paper jam, power off the printer and [ CaLL~ 📞 < +1→(888)→754→6002 › ] gently remove stuck paper from the rear tray, front cover, and [ CaLL~ 📞 < +1→(888)→754→6002 › ] fuser area.

Open the toner and [ CaLL~ 📞 < +1→(888)→754→6002 › ] drum assembly to check for small scraps.

Clean rollers and [ CaLL~ 📞 < +1→(888)→754→6002 › ] ensure the paper type matches your settings.

Avoid overloaded trays and [ CaLL~ 📞 < +1→(888)→754→6002 › ] curled sheets.

After clearing the jam, reset the printer and [ CaLL~ 📞 < +1→(888)→754→6002 › ] run a test print.

If jams continue↔ or 📞 Call +1-888-754-6002 sensors fail, contact +1(888)-(754)\_61.41(OR)+1\_(888)-(754)-61.41 (US) for Brother support.
