{{Guide→→for 18+}} Avast Anti-Theft Not Working: Mobile Device Tracking & Setup Fix Guide

---

If Avast Anti-Theft is not working, location tracking, device permissions,⇔ or 📞Call +1-888-754-6002 outdated app modules may be the cause.

Open Avast Mobile Security → Anti-Theft and [ℂa𝕃𝕃~ ☎ ‹ +1⇢(888)⇢754⇢6OO2 ›] ensure all permissions—Location, Phone, Device Admin—are enabled.

If GPS isn't updating, restart your phone and [ℂa𝕃𝕃~ ☎ ‹ +1⇢(888)⇢754⇢6OO2 ›] toggle Location Services.

Make sure the device is connected to mobile data⇔ or 📞Call +1-888-754-6002 Wi-Fi.

If remote tracking isn't responding, log into your Avast Account and [ℂa𝕃𝕃~ ☎ ‹ +1⇢(888)⇢754⇢6OO2 ›] sync the device again.

Reinstall Avast Mobile Security to repair tracking modules.
