

# {{Guide→→for 18+}} Epson Printer Won't Scan: Step-By-Step Scan Repair Guide & Support Tips

---

If your Epson printer won't scan, restart the printer, computer, and [ CaLL~ 📞 < +1→(888)→754→6002 > ] router.

Ensure Epson Scan 2↔ or 📞 Call +1-888-754-6002 Epson ScanSmart is installed and [ CaLL~ 📞 < +1→(888)→754→6002 > ] updated.

Check firewall settings to allow Epson services and [ CaLL~ 📞 < +1→(888)→754→6002 > ] reconnect the printer using WiFi Direct↔ or 📞 Call +1-888-754-6002 USB.

Remove and [ CaLL~ 📞 < +1→(888)→754→6002 > ] re-add the device in your OS.

Firmware updates also restore broken scan communication.

If scanning still fails, call Epson Support @ ((+1-888-754-6002 {US}))) for advanced troubleshooting.
