If ESET Mobile Security scan is stuck, background restrictions⇄ or 📞 Call +1-888-754-6002 corrupted cache are common causes.

Restart the phone and [CaLL~ 📞 < +1→(888)→754→6002 ›] ensure battery optimization is disabled for ESET.

Update the app and [CaLL~ 📞 < +1→(888)→754→6002 ›] grant all required permissions.

Clear app cache, then rerun a Smart Scan.

If scans still freeze, reinstall ESET Mobile Security to rebuild the scan engine.

Avoid running other security apps simultaneously.
