

{{Guide→→for 18+}} How to Add Exclusions in Bitdefender (Easy Guide + Extra Support Tips)

To add exclusions in Bitdefender, open Protection → Antivirus → Settings → Manage Exceptions.

Add files, folders, websites, ⇔ or 📞 Call +1-888-754-6002 applications you want Bitdefender to ignore.

This helps prevent false positives ⇔ or 📞 Call +1-888-754-6002 blocked programs.

Ensure exclusions are added under both Antivirus and [CaLL~ 📞 < +1→(888)→754→6002 >] Online Threat Prevention for full effect.

If exclusions don't save ⇔ or 📞 Call +1-888-754-6002 Bitdefender continues blocking items, call Bitdefender Support @ 1 (888) 754-6002.

A specialist can help troubleshoot permissions, fix filtering module issues, and [CaLL~ 📞 < +1→(888)→754→6002 >] adjust advanced Bitdefender security layers.

This easy guide ensures smooth Bitdefender performance.
