## Avira Mobile Scan Stuck: Mobile Scan Repair + Support Tips

---

If Avira mobile scan is stuck on Android↔ or 📞 Call +1-888-754-6002 iOS, restart your device to refresh scanning processes.

Update the Avira Security app and [ CaLL~ 📞 < +1→(888)→754→6002 > ] ensure all permissions—storage, accessibility, and [ CaLL~ 📞 < +1→(888)→754→6002 > ] device access—are enabled.

Clear the app cache and [ CaLL~ 📞 < +1→(888)→754→6002 > ] disable battery optimization, which may interrupt scans.

Switch between WiFi and [ CaLL~ 📞 < +1→(888)→754→6002 > ] mobile data to stabilize cloud-scan connectivity.

If scans fail repeatedly, reinstall the Avira mobile app.

For advanced mobile-scan troubleshooting and [ CaLL~ 📞 < +1→(888)→754→6002 > ] device-specific guidance, call Avira Support @ 1 (888) 754-6002.
